Allies Invite U. S. to Join Councils.FINAL WORD
SENT GERMANY

Allied Ultimatum Demands
German Answer by May 12
at the Latest

Failure to Comply Means
Allies Will Proceed With
Occupation of Ruhr Valley

LONDON, May 5. (By the Associated Press)—The allied ultimatum issued to Germany today summons her to reply categorically by May 12 at the latest, whether she will perform her unfulfilled obligations under the treaty of Versailles, primarily as to the payment of reparations to the allied powers.

Should she fail to comply, the allies give notice that they will proceed on May 12 with the occupation of the Ruhr valley and to undertake other military and naval measures. The terms for Germany's payment.

Supreme Allied Council
Cables Formal Invitation to
State Department

Would Have U. S. Representatives on All Important Commissions

LONDON, May 5.—(By the Associated Press)—Formal invitation to appoint representatives to the supreme allied council, the council of ambassadors, and the allied reparations commission, was cabled to the American state department in Washington by the supreme allied council last night.

FREED OF MURDER CHARGE
CHICAGO, May 5.—Mrs. Lillian Rowland today was freed of the charge of murdering her husband, Dr. Thomas J. Rowland, whom she shot in their home last Sunday night.

The state refused to prosecute when the case came up in court, following the recommendation of the coroner's jury that she be freed.

CALL STILLMAN
FAMILY DOCTOR

Dr. Russell of Buffalo Witness at Referee's Hearing in Divorce Action

Expected to Be Questioned Concerning Conversations With Mrs. Stillman

NEW YORK, May 5.—Dr. Hugh Russell of Buffalo was called as a witness today with resumption of the referee's hearing in the divorce action brought by James A. Stillman.

Dr. Russell was for three years the Stillman family physician. He was called by counsel for Mr. Stillman and was expected to be questioned concerning conversations he had with Mrs. Stillman.

It was expected that Bernard Kelly, for three years superintendent of the Stillman country place near Pleasantville, N. Y., would be recalled. Yesterday he was said to have identified the handwriting of Fred Beauvais, Indian guide, named as correspondent, in certain letters.

After prolonged argument, Referee Continued to Page Twelve

NEXT SATURDAY WILL
BE BUTTON DAY

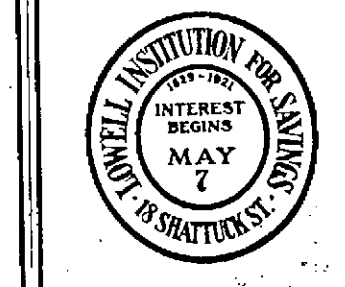

The Button day which was to have been conducted by the League of Catholic Women last Saturday for the benefit of the local Irish relief fund, but which was postponed because of the inclement weather, will be held next Saturday and plans for the affair have been completed.

The same organization which was to have carried on the Button day last week will be at work next Saturday and it is expected that more than 500 young women will sell buttons for the benefit of the relief fund. Contributions from one cent upward will be received. Headquarters of the day will be at the league office in the Harrington building, Central street, and district headquarters will be maintained in the various parishes of the city.

LOCAL STREET
PAVING WORK

Chamber of Commerce Recommendations Filed by the City Council

Paving Chelmsford and Thorndike Streets by Contract Was Recommended

The municipal council, minus Mayor Perry D. Thompson, who had been summoned to appear as a witness at the Tallen murder trial in East Cambridge, today listened to the recommendations for street paving made by the directors of the Lowell chamber of commerce had then voted them placed on file.

The recommendations, framed in resolutions form, were addressed to the mayor and municipal council and were read by President George B. Marchand. They recommended the paving of Chelmsford street by contract, using re-cut granite blocks to be taken from the present street and also the paving of Thorndike street, by contract, using a re-cut granite blocks now at the city yard as far as they will go. Also, it is stipulated that a contractor shall be required, so far as possible, to use Lowell labor.

The meeting, called at 10 o'clock, Continued to Page Seven

SEVERE STORM
HITS NEW YORK

\$1,000,000 Damage Caused by Worst Wind and Rain Gale in 10 Years

Trolley and Train Service Paralyzed—Wires Snapped—Steamers Collide

NEW YORK, May 5.—New York city and neighboring seacoast towns today were buffeted by what is said to be the most severe wind and rain storm in the last 10 years. The storm began last night, paralyzing trolley and train service in outlying districts, snapping wires and causing property damage estimated at more than \$1,000,000. Staten Island was the hardest hit.

The weather bureau reported today that the gale, which reached 75 miles an hour during the night, had somewhat abated, but was still strong enough to hamper shipping. The gale swept the Fall River steamer Frisella, with 500 passengers on board, out of its course, as it was about to dock at the foot of Barclay street, in Manhattan. The boat crashed into another nearby pier, tearing down iron girders and wrecking a part of the pier. None of the passengers was injured.

The crew of the Newfoundland life saving station, near Bay Head, N. J., rescued a crew of four men from the fishing schooner Julia, which was on its way from Atlantic City to Boston. The schooner had dropped anchor, but the anchor failed to hold, and the vessel washed ashore, where it was being pounded by pieces today by the waves.

THE GAS HOUSE STRIKE

Executives of Company Refuse to Arbitrate—Strikers Paid Off Today

With the executives of the company refusing to arbitrate and declaring that the force of employees, which was hastily organized since last Saturday would be sufficient for the present needs of the concern, the strike of employees of the Lowell Gas Light Co. which opened Saturday afternoon because of alleged failure of the company to live up to its agreements, began today to take on the aspect of a long drawn-out affair with neither side giving in.

Men and women must sit in separate parts of motion picture theatres in Yokohama, Japan.

Sir James Craig and Eamonn de Valera Confer on Irish Affairs

BELFAST, May 5.—(By the Associated Press)—Sir James Craig, premier-designate for Ulster, and Eamonn de Valera, the Irish republican leader, had a conference on Irish affairs in Dublin today, it was announced officially this afternoon. They exchanged their respective views.

The discussion, it was said, was quite apart from the position in Ulster, which remains unchanged.

Important Meeting
DUBLIN, May 5.—(By the Associated Press)—The meeting of Sir James Craig and Eamonn de Valera today, is

Vice President Defends Purchase of Subway in Letter to Legislative Committee

Never Knew Anyone Derived Personal Advantage From Passage of Bill

BOSTON, May 5.—Purchase of the Cambridge subway and other legislative enactments during his term as governor, were upheld by Vice President Calvin Coolidge as the best means of affording necessary financial relief for the Boston Elevated Railway Co., in a letter today to the legislative committee investigating street railway legislation in 1918 and 1919. The vice president said he had been unable since to discover any better remedies which could have been applied at the time.

The committee which has been inquiring into stock market operations in traction securities by legislators was told by the former governor Continued to Page 12

TO EXTERMINATE FLIES

Tree Gives Off Peculiar Poison Fatal to Pests—Officials Investigate

WASHINGTON, May 5.—Fly swatters and screens will be relegated to the junk pile if the department of agriculture finds merit in the fly-killing properties claimed for a sapling grown from the seed of a Kentucky coffee tree by the late Prof. George F. Holmes of the University of Virginia. The sapling has been sent here by the university for a test of the properties claimed and with the hope that the seeds will be distributed throughout the country to exterminate the pests.

Prof. Holmes asserted that the tree gives off a peculiar poison fatal to flies and therefore is a boon to humanity. He planted it in his garden and requested that it be dedicated as his only memorial. At the direction of the faculty a metal plate inscribed "Holmes Tree" was fastened to its trunk and an iron fence was placed about it.

WHEN SHOT

Witnesses Disagree as to Whether Tallen and His Assailant Grappled

Fortier's Mother Talks To Son During the Noon Recess

Mayor Thompson Called as Witness—Jury Visits Scene of Murder

The third day of state's testimony in trial of Alfred Fortier and the Theberge brothers opened this morning. Mrs. Tallen, widow of the Middlesex street merchant whom the defendants are charged with murdering, was not present for the first time since the taking of the testimony began. A brother of the Theberges, a resident of Lowell, was among the spectators.

The first witness was Jacob Bern-

JUDGE LOUIS S. COX, Presiding

stein, who conducts an establishment where shoes are repaired on Middlesex street. He testified to hearing a shot fired on the evening of January 25, while he was in his store. He went out into the street, he declared, and was a witness to the firing of the second shot. His testimony differed from that which had gone before. In the matter of the relative positions of Fortier and Tallen at the time the second shot was discharged, witness was quite sure, he declared, that the pair were not holding each other when this

Colorado To Be Shackled To Turn American Deserts Into Farms

THIS IS THE SPOT IN BOULDER CANYON ON THE COLORADO RIVER WHERE IT IS PLANNED TO ERECT A 700-FOOT DAM. HERE ALSO ARE A MAP OF THE COLORADO, SHOWING THE STATES AFFECTED BY THE ENTIRE RIVER DEVELOPMENT ENTERPRISE, AND ARTHUR P. DAVIS, WHO IS COMPLETING A GOVERNMENT INVESTIGATION OF THE PROPOSITION.

BY JACK JUNGMEYER
WASHINGTON, May 5.—Seven western states have united in asking congress to help them tame the unruly Colorado river and hitch it to the plow.

The first unit proposed to provide irrigation, flood control and power development is creation of a great reservoir behind a 700-foot dam at Boulder Canyon.

This, together with steps to be undertaken later, say the promoters, will transform the agricultural and industrial life of the entire southwest. The government is asked to conduct and supervise the work on that the development of the Colorado may be undertaken on a unified plan.

Congress laid the foundation for the Boulder canyon project at the 1920 session, providing for an investigation. Arthur P. Davis, director of the United States reclamation service, with a board of experts is completing a final survey.

Following Davis' recommendations,

Congressman Swing of Imperial, Cal., will introduce legislation behind which every district affected is expected to line up.

The plan is for these districts to finance the project by issuing bonds, the various amounts being proportioned to benefits that shall accrue, this to be determined by a federal commission.

Estimates place the cost between \$75,000,000 and \$100,000,000.

The government would be asked to pay its pro rata for improvements to public and Indian lands.

Boulder canyon dam, if the Davis report declares it feasible, would impound a volume of water practically equal to two years' normal flow of the Colorado. Canals would divert it where needed.

It would vastly extend the present irrigated area in and near Imperial valley and stabilize and equalize the erratic river flow.

It would at the same time eliminate the threat of disastrous food.

Experts declare that the contemplated project would develop a maximum of 1,000,000 horsepower hydro-electric

HAS FIRST WELL DAY IN 3 YEARS

Well Known Traveling Man Says Tanlac Beats Anything He Ever Heard Of

Another well known traveling man comes out for Tanlac. This time it is Benjamin H. Knight, 39 Vernon street, Springfield, Mass., who travels the New England states with household goods. Here is his statement:

"I'm telling my customers every day about how Tanlac fixed me up, and I know a number of people who have taken the medicine, with fine results, on my recommendation. For three years before taking Tanlac, I never saw a well day. I never got more than two or three hours' sleep a night and was so weak and nervous I hardly felt fit for a thing. I took medicine enough to have opened a little drug store of my own, but nothing did me any good until I got Tanlac.

My stomach gave me no end of trouble. I never dared eat anything the least bit heavy and what I did eat disgusted me up with gas and I had attacks of indigestion that kept me in bed for two and three days at a time. I had splitting headaches and awful pains in my back.

Well, sir, it looked like every town I got in I heard somebody talking about Tanlac, so I got a bottle and it helped me right from the start. Today I have a tremendous appetite and nothing I eat hurts me, for I have gained ten pounds in weight and am still gaining. I never have a headache or a backache, sleep fine and am just in the pink of condition. In fact, I never felt better in my life. Tanlac has got everything beat that I ever heard of in the way of medicine.

Tanlac is sold in Lowell by Green's drug store under the personal direction of a special Tanlac representative; by Wright Drug Co., Haverhill, Mass.; Snow's Pharmacy, Concord, Mass., and by the leading druggist in every town.

energy which could be radiated throughout a 500-mile circle, reaching as far as San Diego in the south and Salt Lake City in the north.

Cheap energy, such as this, be made available in a land where fuel is usually expensive, and make possible an industrial development thus far hindered, at the same time conserving dwindling oil supplies.

The harnessing "kick" of the Colorado, felt in crop, hamlet, farm and what is now sterile desert, would energize the heart of an area comprising one-third the continental United States.

Tapping parts of Wyoming, Colorado, Utah, Nevada, Arizona, New Mexico and California, the Colorado is the third largest river in the country, 1800 miles in length, and probably the greatest potential source of white power in the United States.

SEN. BORAH BEATEN

Disarmament Kept Out of Naval Bill — Committee Yields to Harding

WASHINGTON, May 5.—Administration forces won the first skirmish yesterday in the impending senate fight over naval disarmament.

Guided by the expressed wishes of President Harding, the senate naval committee refused to incorporate in the annual naval appropriation measure the proposal of Senator Borah authorizing and requesting the chief executive to invite Great Britain and Japan to send representatives to a disarmament conference here.

Borah had given notice of the fight to come by reintroducing his proposal in the senate and moving to suspend the rules to make it in order.

Senator Pomeroy, democrat, Ohio, also gave a formal notice that he intended to present a disarmament amendment to the naval bill. His amendment would authorize the president to delay the building program six months while an effort was being made to arrange a conference between the United States, Great Britain and Japan. Should an agreement to limit construction be reached by the three countries, the president might suspend the building program in whole or in part.

It is understood that administration leaders in both the senate and house plan to delay action on any proposals for international disarmament because of the desire of the president not to have this question initiated in congress in the present state of international relations.

As favorably reported yesterday by the naval committee the annual naval bill, which failed at the last session, provides not only funds for continuing construction on the uncompleted 1916 program, but also for a personnel 20,000 in excess of the 100,000 proposed by the house. It also carries funds for beginning work on various naval bases on the Pacific coast.

The committee increased the house total of \$286,000,000 to \$495,500,000, or the same figure that was in the bill as it failed in the senate last March. The committee increases voted yesterday by \$1,000,000 to \$12,000,000 for aviation, \$15,000,000 to start work on two new aircraft carriers, about \$7,000,000 to begin construction of a new fleet base at Alameda, Cal., and other Pacific Coast bases, and about \$7,000,000 to expedite construction of capital ships. There also were large increases for pay and support of personnel.

Senator Pomeroy, in charge of the bill, plans to report the amended measure to the senate tomorrow with a view to calling it up next week. Immediately after disposal of the Emergency Tariff bill.

House Leaders to Hold Up Plans
WASHINGTON, May 5.—Proposals for international disarmament are to be delayed for the present in the house, under a decision understood to have been reached yesterday by republican house leaders. This is said to square with the desire of President Harding not to have the disarmament question agitated in congress in the present state of international relations.

President Harding is said to have told all inquirers that although the present administration is pledged to reduction of armament, he does not consider the present time opportune for such a movement in view of the delicate situation abroad. He is understood to have indicated that he has in mind some steps looking toward an international conference on disarmament at the proper time.

The boat-woman of China is the head of the boat while her husband is her subordinate.

WE WELCOME LETTERS OF inquiry from all persons interested in our plan for reducing the cost of heat, light and power. Universal Tide Power Co., 6 Canal st., Boston.

FATHER FOUND TWO-YEAR-OLD BOY VERY SICK

Was Thin, No Appetite, Had Swollen Lips, Stomach Pains, Itching Nose

A hardy woodsman and enthusiastic fisherman, Joseph K. Lane, of Lincoln, Me., has a very interesting record to report. He writes: "As a boy, 37 years ago, I was very sick. I was thin, had no appetite, had swollen lips, stomach pains, itching nose, and in later years, whenever he got his feed, a few doses would straighten him out quickly.

"I had not been in the house an hour when an elderly lady—a good neighbor—came in and told my wife to get a bottle of Dr. True's Elixir, saying she had seen numbers of similar cases which it had relieved.

"My boy was given a half dozen doses of Elixir, when he passed a lot of little worms, and right away began to show improvement; he began soon to eat with a relish, play around and look healthy. He did not have to take a full bottle, and in later years, whenever he got his feed, a few doses would straighten him out quickly.

"When I get constipated, a couple of teaspoons of Dr. True's Elixir fix me O. K.

"My son is grown up now and has a family of six children, and he has practically raised his family on Dr. True's Elixir. The children go out and get hold of something not good for them. It's hard to watch all the children, and so when they eat something they shouldn't and get sick, the Elixir is given and the family is put in good shape again.

"I have read in the papers you have to take a half dozen bottles of some remedies, but you don't have to do this with Dr. True's Elixir. Simply a few doses and then quick relief. The three generations of Lanes have been kept healthy of using it."

Symptoms of Worms: Offensive breath, swollen upper lip, deranged stomach, occasional pains about the navel, pale face, eyes heavy and dull, twitching eyelids, itching of the nose and rectum, short, dry cough, grinding of the teeth, red points on the tongue, slurring during sleep, slow fever, constipation.

JOSEPH K. LANE

Nearly every grown-up and every child needs a Laxative. The fond parents safeguard the health of their children by keeping their bowels in condition. In Dr. True's Elixir only pure herbs are used. No harmful drugs. Keep the bowels regular by using Dr. True's Elixir. At all dealers, 3 sizes. Buy the larger size.—Adv.

GETS REAPPOINTMENT

Lowell Doctor to Remain on Health Council

BOSTON, May 5.—The executive council received from Gov. Cox yesterday four nominations, all re-appointments. They are: Richard H. Flynn,

DR. JOSEPH E. LAMOREUX

Winthrop, commissioner of state aid and pensions; Joseph E. Lamoureux, Lowell, and Roger L. Lee, Cambridge members of the public health council, and Irving McD. Garfield, trustee, Peter Bent Brigham hospital.

MEMORIAL MASS ON SOUTH COMMON

The Lowell post of the American Legion will hold a memorial mass on the South common on May 30. It was announced by Rev. William F. Mahan, chaplain of the post, at a recent meeting of the women's auxiliary held in Memorial hall. The members of the auxiliary will furnish flowers for the altar. The relief committee reported that there are 11 members of the local post confined at St. John's hospital and the relief committee is looking after their welfare as well as visiting soldiers in the Groton hospital. An entertainment is soon to be given at that institution. The relief committee will all appear on Memorial day and the proceeds will be used to take care of the men in the hospitals.

First National announces that "Peck's Bad Boy" starring Jackie Coogan, will be generally released throughout the United States in the next few weeks.

EVE STILL CAUSES MEN TROUBLE

LONDON, May 6.—All the British soldiers in Mesopotamia wanted their pictures taken on the traditional Eve of the day, from which Eve is said to have plucked the apple.

When they got through there wasn't much left of the tree.

So the British government has appropriated \$5000 to build a Mohammedan mosque by way of reparation.

SUFFERED SIX YEARS

Mrs. Stoll Tells Women How She Found Relief From Pain

Philadelphia, Pa.—"I suffered for six years with pain every month, had vomiting, spells the first two days, and was unable to do my work. I read in your little book about Lydia E. Pinkham's Vegetable Compound and took the medicine with satisfactory results. I am a mother and recommend the Vegetable Compound to my friends and my daughters."

take it. You may publish these facts as a testimonial."—Mrs. LOUISE STOLL, 600 W. York St., Phila., Pa.

It is not natural for women to suffer as did Mrs. Stoll, and in nine cases out of ten it is caused by some displacement or derangement of the system which Lydia E. Pinkham's Vegetable Compound overcomes, because it acts as a natural restorative.

Every woman who is subject to cramps, headaches, nervous spells, backache or those dreadful bearing-down pains should profit by Mrs. Stoll's experience and give Lydia E. Pinkham's Vegetable Compound a trial. Lydia E. Pinkham Medicine Co., Lynn, Mass., will send their Private Text-Book, "Ailments Peculiar to Women," free upon request.

When You Want GOOD PAINT Go to Coburn's 63 Market Street

OBSERVE FEAST OF THE ASCENSION

Today was observed as the feast of the Ascension, a holy day of obligation, in the local Catholic churches. Masses were celebrated at the usual holy day hours and many of the faithful received communion.

Tomorrow will be the first Friday of the month. Confessions will be heard this evening and there will be the usual masses in all the churches tomorrow morning. Holy hour services will be conducted in many of the churches in the evening.

ADVANCES BILL FOR STATE VOLSTEAD ACT

BOSTON, May 5.—The Massachusetts house of representatives yesterday advanced, by agreement of contending forces, the bill to provide liquor laws for the state to conform with the provisions of the Volstead act. It was stated by Mr. Brier of Boston that the bill as reported by the committee on legal affairs removes from the statute books all present laws regarding liquor. Further consideration of the measure was postponed until next Tuesday, to which day the matter was especially assigned for debate.

The house, after considerable discussion, negatived the report of reference to the next annual session on the bill to establish a public reservation at Good Harbor beach, Gloucester. The bill to provide for the widening of Bridge street, Cambridge, by the

WOMAN DETECTIVE HOLDS MOB AT BAY

JERSEY CITY, N. J., May 5.—Miss Mary Lauder, one of Jersey City's few women police detectives, yesterday held at bay a mob of 200 angry men and women who tried to wrest from her a prisoner, who a few minutes before had beaten her almost to insensibility.

She went to the home of Abraham Johnson, a powerful negro, and when he opened the door she told him he was under arrest for disorderly conduct. He dragged her off the porch, where he was choking her when a fire captain came to her rescue. Turning on the fireman, the negro knocked him unconscious and fled, pursued by a crowd of shouting "lynch him." She drew her revolver and ordered the crowd to stand back.

Two hours later Johnson had been tried, found guilty and sentenced to 30 days in the workhouse for disorderly conduct. Miss Lauder declined to press any charge of assault upon her.

Amazing Recovery Thru Gland Tablets

Mr. McClelland Had Suffered Years With Loss of Weight, Weakness and Nervous Disorders

"After suffering for years with run-down condition and practically all of its symptoms, today, one month from the time I first began taking Glandex Compound, I feel like an entirely new man, my health, weight and strength having been completely restored," said Mr. William McClelland, 143 Berkeley st., Boston, Mass.

"I had been losing my weight and strength right along, and my nerves were on edge all the time. The least thing would make me go to pieces. I got little rest at night and could only sleep in short, troubled snatches.

"Four days after I started taking Glandex Compound I noticed a wonderful improvement. My appetite

picked right up and I began putting on weight. In one month the scales showed an increase of 13 pounds. I can sleep fine now, and am getting stronger every day. Glandex has made a new man of me! It has given me more confidence in myself, and I can't say enough in praise of it. It has done me worlds of good."

The reason Glandex Compound brings such remarkable results in so many cases is because it helps build up run-down conditions—by feeding them with gland extracts taken from the glands of healthy and vigorous sheep and cattle. Practically on the same principle of re-charging a storage battery.

If weak, pale, thin, generally run-down or prematurely old, try this remarkable tonic. Brings results—or your money back. Has helped thousands to regain health and strength. City a bottle. Sold at good druggists everywhere.—Adv.

JULY FOURTH PERMITS

American Legion to Operate July 4 Concessions on the South Common

The park commission and the Lowell post of the American Legion discussed a tentative memorandum of agreement at the regular meeting of the commission last evening whereby the legion is to operate the Fourth of July concessions on the South common on payment to the city of \$200. No formal agreement was entered into but a tentative draft met with the approval of both parties and will be submitted to the city solicitor at once for his opinion.

The agreement was discussed with the understanding that the park commission is allowing the legion to take over the concessions this year because of its need of funds for the care of sick and wounded comrades. It was brought out emphatically that the commission does not intend to establish a precedent in this respect and that the privilege would probably be never accorded again.

It was intimated that the legion conduct the celebration on the common in accordance with the rules of the park and police departments and that it should clean up the grounds after the celebration is over. The park commission asked the legion to frame its concession contracts with individuals so that it might receive the maximum profit of the venture.

The legion was represented at the conference by Senior Vice Commander S. C. Harrity, George F. Toye, Arthur P. Moran, John P. McArdle and Frank J. Roane.

The commission elected the following playground supervisors for the coming summer: Natalie M. McQuade, Helen A. Gault, Mildred E. Calloway, Mildred M. Clavette, Helen G. Lyons, Mabel Leach, Charlotte Green, Gladys L. Hill and Arthur C. Sullivan. Further selections will be made later.

Works asking for more time on a contract awarded a month ago for a new iron fence at Monument square was laid on the table until the next meeting.

It was voted to authorize Walter J. Nelson, manager of the Merrimack Square theatre, to carry out a program of outdoor movies for the department next summer, giving three shows a week for a period of eight weeks.

WEST CHELMSFORD FIREMEN Members of the West Chelmsford fire department held an enjoyable banquet Tuesday evening in Historical hall with nearly 50 present. Elmer Trull was the toastmaster of the evening and the invited guests included: Selectmen George Rigby and William Belleville and the following members of the board of council: John Monahan, Loren Ellwood, Edward Riney, Benjamin Brown, Fred Fletcher and Fred Snow. An excellent program of entertainment was carried out.

Almost Unbelievable You can hardly realize the wonderful improvement to your skin and complexion your mirror will reveal to you after using Gouraud's Oriental Cream for the first time. Send 15c for Trial Size. FERD. T. HOPKINS & SON New York

"I'M A BURGLAR, NOT A VAG" OAKLAND, Cal., May 5.—William Gilman, arrested and charged with vagrancy, appeared before Police Judge Tyrrell for sentence.

"Judge, I'm no vagrant," said William, pleadingly.

"What are you, then?" asked the judge.

"I'm a burglar," Bill declared, proudly. "Have you staged any jobs in this city?" inquired the judge.

"Sure," lots of 'em," replied Bill. "You see, judge, I only mentioned 'em to show that I've a little means of support."

"For the next sixty days you won't have to worry about supporting yourself," quipped the judge.

"Next case."

FRATERNAL NEWS The British-American Social club held its regular meeting in the Free church last evening. After the transaction of routine business, three new members were initiated. A summer outing was discussed and a social hour followed.

Lowell Grange Lowell Grange, 235, met Tuesday evening in Highland hall with Worthy Master Louis M. Kittredge presiding. There were many visitors present and degrees were conferred on a large class.

O.S.C. met Tuesday evening in G.A.R. hall. Sister Reed, Sister Smith and Sister Needham were delegated to attend the annual convention in Springfield on May 26.

Highland Union Rebekah Lodge An enjoyable entertainment Monday evening after the regular meeting. The entertainers included Kathleen Jennings, Miss Corey, Dolly and Marie Dewire, Miss Lillian Laddaw and F. Marshall.

MANY ATTEND BAZAAR Fully 600 people attended the bazaar held by the Eastern Star in Colonial hall yesterday. It was the second and last day of the sale. All of the booths were given liberal patronage. In the evening there was informal dancing in the hall.

TO REDUCE DANGEROUS VARICOSE VEINS People who have swollen veins or bunches should not wait until they reach the bursting point, which means much suffering and loss of time, but should at once secure from any reliable druggist a two-ounce original bottle of Moore's Emerald Oil (full strength).

By using this powerful, yet harmless germicide treatment improvement is noticed in a few days and by its regular use, swollen veins will return to their normal size, and sufferers will cease to worry. Moore's Emerald Oil treatment is used by physicians and in hospitals and is guaranteed to accomplish results or money returned.

It reduces all kinds of enlarged glands, gizzards and wens and is used exclusively in many large hospitals as an infallible first aid to the injured athlete. Generous sample on receipt of 15 cents, silver or stamps. International Laboratories, Rochester, N. Y. Your druggist or Fred Howard can supply you.—Adv.

place of an entertainment program that had been scheduled.

IN NORTH BILLERICA A successful whist party and entertainment was held in Union hall in North Billerica Tuesday evening for the benefit of the apron table at the coming carnival to be given by Billerica unit, 116, of the American Legion.

The affair was in charge of Mrs. Edward Quinn and Miss Lillian Buckley and a number of entertainers from Lowell helped to make the affair a success. There was a large attendance.

NATHAN HALE COUNCIL President McKenna Receives Gift From John C. O'Rourke, Former Service Man, for Relief Fund

President Peter J. McKenna of the Nathan Hale council, A. A. R. I. R., has received from John C. O'Rourke, formerly with Sullivan, the tailor, a very fine lady's scarf and belt knitted by Mr. O'Rourke himself while in Europe. He has donated this to be disposed of as a prize for the benefit of the relief fund. Mr. O'Rourke has been in ill health since his return from service in Europe and has spent some time in the sanitarium at Rutland. His friends will rejoice to know that he is much improved.

PAINT and SAVE But Buy the Paint Here C.B. COE BURN CO. 63 MARKET STREET.

Improved in health and will spend the summer in Lowell.

Gave All Her Savings Mr. McKenna also reports that Miss Ellen Ryan, a girl of 12 years, residing at 25 Auburn street, turned over the contents of her home savings bank, containing \$25 pennies for the benefit of the Irish relief fund. This represented her savings for two years. Her gift is much appreciated by the members of the Nathan Hale council as they feel that if little Miss Ryan had the means, she would willingly give a much larger amount for the benefit of the cause.

The Sultan, on the little island of Johanna, in the Comoro group, boards ships calling there and tries to get the washing for his wives.

DON'T SQUEEZE BLACK HEADS—DISSOLVE THEM Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store, about two ounces of calomine powder—sprinkle a little on a hot wet sponge, rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.—Adv.

KINDERGARTEN SCHOOL

Speaker Predicts System Will
Be Revolutionized—Children
2½ to Be Admitted

DETROIT, May 5.—A prediction that within 10 years kindergarten teaching in the United States will have been revolutionized and that practically all children between 2½ and 5 years will be receiving special training was made yesterday at the annual convention of the International Kindergarten Union here by Miss Elizabeth Cleveland of the Detroit board of education.

Miss Cleveland announced that the experiment is to be tried here next year. The plan is to put children between these ages in an "under kindergarten" where they will be fed and clothed properly and "scientifically raised."

If the plan is successful it will lead eventually to an establishment of a day nursery in every block in the large cities. These nurseries are to be managed by a different mother from the block each day.

"Music of play is one of the fundamental ideas of modern kindergarten teaching," Mrs. May Bridget, educational representative of the bureau of education, Washington, D. C., said in an address. Miss Frances M. Berry of Baltimore, another speaker, said jazz and fox trot music has no place in the kindergarten.

**FAIL TO AGREE ON
A PRICE FOR LAND**

That the failure to purchase land for additions to Edison and Westlawn cemeteries is due to inability to reach an agreement as to the price to be paid for the property was brought out at a meeting of the cemetery commissioners in city hall yesterday afternoon. During the discussion of the subject Chairman Rigby stated that conferences had been held with the owner of the land, E. A. Bartlett, and his representative, C. T. Rowland. He said that Mr. Bartlett was unwilling to accept a price for his property based on the assessed valuation plus 25 per cent. He stated, however, that Mr. Bartlett had shown a disposition to reduce somewhat the sum that he had originally asked for the land. During the discussion the chairman expressed the opinion that it would be desirable to have Swan street closed, if the land was bought, to save the expense of fencing. Chairman Rigby and Mr. Fey were authorized to continue negotiations for the purchase of the real estate.

During the meeting the chairman suggested that all of the members of the commission should make a tour of inspection of all of the city's cemeteries previous to Memorial day.

The chairman stated that the cemetery off Vacuum avenue is not in good condition and that an iron fence should be built around the plot.

It was announced that 70 trees had been planted as a wind-break on one side of Edison cemetery.

BOSTON RECORD SOLD

BOSTON, May 5.—The Boston Evening Record yesterday carried notice that the Atlantic Publishing Co. had succeeded the former owners as publishers of the paper. No details of the sale were announced. The Atlantic Publishing Co. is a new corporation which, according to papers on file at the secretary of state's office, has as president T. H. Rauck, Hotel Biltmore, New York.

Final Word Sent Germany

Continued
of her debt to the allies are to be given her by the allied reparations commission by tomorrow.

Meanwhile the ultimatum states, are to continue with all necessary preliminaries for the occupation of the Ruhr.

Members of the supreme allied council, shortly after 10 o'clock this morning, signed the ultimatum.

Headed to German Embassy

Dr. St. Hamer, German ambassador here, was immediately summoned to Downing street and upon his arrival was handed a document containing the ultimatum. While the ultimatum and the protocol signed by the council today were in the form of one document, only the former was given to the German representative. The allied reparations commission will, however, deliver the whole document to the German war burdens commission in Paris tomorrow.

Prime Minister Lloyd George and Mr. J. P. Morgan, Belgian foreign minister, signed the English and French texts of the ultimatum first, and were followed by Premier Briand of France, Count Sforza, Italian foreign minister, and Baron Hayashi, Japanese ambassador to Great Britain.

Immediately after the signing of the document, the French and Italian representatives left for Paris and Rome.

Text of Ultimatum

The text of the allied ultimatum to Germany, after a brief introduction relating Germany's unfulfilled treaty obligations with regard to disarmament, reparations, the trial of war criminals and other matters, is in substance as follows:

"(a)—To proceed from today with all necessary preliminary measures for the occupation of the Ruhr valley by allied troops on the Rhine under the conditions laid down.

"(b)—In accordance with Article 235 of the Versailles treaty, to invite the allied reparations commission to notify the German government without delay of the time and methods for the discharge by Germany of her debt, and to announce its decision on this point to the German government by May 6, at the latest.

"(c)—To summon the German government to declare categorically within six days after receiving the above decision its determination: (1) To execute without reservation or condition,

Brighten Up Your Garden

With the aid of delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package—Adv.

Arizona Man Murdered By Mexicans

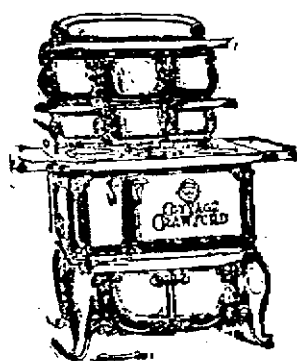

BISBEE, Ariz., May 5.—Jesse Fisher, aged storekeeper of the Slaughter Ranch, about 18 miles from Douglas, was killed by two Mexican ranch hands whom he caught looting the ranch storehouse, according to a telephone message last night from Mrs. John H. Slaughter. Fisher was shot and killed when he called to the Mexicans. Mrs. Slaughter said the Mexicans then attempted to enter the ranch house and she, with several other persons were barricaded in the house.

Norwegian Sailors and Stokers Strike

CHRISTIANIA, May 5.—Steamers still paying the old rate of wages will be affected by the strike of Norwegian sailors and stokers called for next Sunday, declares the Social Demokraten. It had been believed that merely coastal traffic would be affected. The newspaper says that service on the Norway-American Lines from Stavangerford may be suspended.

Korfanty Leader of Polish Rising

BERLIN, May 5.—(By the Associated Press)—Adalbert Korfanty, the Polish plebiscite commissioner in Upper Silesia, who was removed by his government after the outbreak of the disorders, has issued a proclamation in the Polish language, according to a message to the Tagblatt from Dentsch, in which he declares he has assumed the leadership of the rising and appointed the insurgent Dolla commander-in-chief of all the insurgent forces.

ANOTHER CUT IN PRICE OF

CRAWFORD RANGES

IN EFFECT AT ONCE

Regardless of the fact that we did not advance the price of Crawford Ranges we had on hand when they were going up, we are reducing the price the moment the foundry announces a cut in price. This makes two cuts in price since the first of January and the present price is guaranteed till 1st September. Should there be further reduction before that date we will refund to you the difference whether you have paid for the range or not. So you can buy in all confidence that you are getting the lowest price possible if you buy at

TO CONFER WITH MAYOR

The committee of the chamber of commerce which has charge of drafting new automobile parking rules for the city has practically completed its work. Through its chairman, Henry A. Smith, it is now seeking to arrange for a conference with Mayor Perry D. Thompson at which the new rules will be presented for the consideration of the mayor and he will be asked to offer suggestions as to desirable changes.

WILL TEST BIG PUMP

The first real test of the capabilities of the new Snow 10-million gallon cross compound pump at the West Sixth street pumping station was set for this afternoon for the benefit of representatives of the Worthington Pump Co. only. William J. Hession, the official representative of the company from Buffalo, and John Dayer, the engineer supervising the construction of the station, will be present. The test will be made by pumping water into the test tank. The duty test comes next week before John A. Stevens, engineer, and the reason for the test today is to make perfectly sure that everything is in first class shape.

EXPULSION THREATENED

CHICAGO, May 5.—Immediate expulsion from the Chicago Real Estate board has been voted as a penalty for members to sell to a negro property in a block where there are only white buyers. It was announced today, M. L. Smith, president of the board said plans were under way for extending to the west the quarter on the south side where the majority of the negroes now live.

"If you provide the places," he said, "the negroes will segregate themselves."

Mrs. Ethel M. Brown
Tells How Cuticura
Healed Daughter

"A small eruption came at the corner of my daughter's mouth and spread all over her face and head and down her throat and chest. It broke out like water blisters, and itched so that she would almost go wild, and she could not sleep. Her hair was matted and she was disfigured."

"My sister recommended Cuticura, and when I had used one box of Cuticura Ointment my daughter was completely healed." (Signed) Mrs. Ethel M. Brown, 398 Water St., Ellsworth, Me., July 29, 1920.
Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointment as needed to soften, soothe and heal. They are ideal for the toilet, as is also Cuticura Talcum for perfuming. Sample Each Free by Mail Address: "Cuticura Laboratory, Dept. 3, Malden 15, Mass." Sold every-where. Soap 25c Ointment 10c. Talcum 25c. Cuticura Soap shaves without lather.

Frees Woman Who Killed Husband

CHICAGO, May 5.—A coroner's jury has returned a verdict of accidental homicide in an investigation of the death of Dr. Thomas J. Rowland, who was shot and killed at his home Sunday night by his wife, Mrs. Lillian Rowland. The jury recommended that she be discharged from custody, but the police announced she would be arraigned on a charge of murder. She testified that her husband had been infatuated with a young woman formerly employed in his office.

POLES CAPTURE SEVEN CITIES

Elements in Upper Silesia Forcibly Seize Wedge Shaped Region

Base is Former Germano-Polish Frontier—Apex Reaches Gross Strehlitz

LONDON, May 5.—Polish elements in Upper Silesia have forcibly taken possession of a wedge-shaped region, the base of which is former Germano-Polish frontier and the apex of which has reached Gross Strehlitz. It is declared in advices received here. The cities of Tarnowitz, Koenigsbuehl, Kattowitz, Rybnik, Ratibor, Bentzen, and Dubinitz are said to be in the hands of the Poles, who have

QUEEN OLGA IN NEED

Mother of Greek King Reported to Have Offered Jewels for Sale

PARIS, May 5.—Queen Olga, mother of King Constantine of Greece, is in such circumstances that she is reported to have offered some of her jewels for sale. It has just been known here that she recently sent a young Greek officer to the United States with a large emerald brooch with instructions to dispose of it at the highest price.

The young man was dressed in civilian clothes, and served as a mate on the steamer which was the King Alexander. Upon arriving in New York he failed to declare the jewel and was arrested and imprisoned for 20 days. He was also fined \$700, which was the foreign value put upon the brooch by the New York customs house and, according to Paris stories, Queen Olga is now trying to find some means of retrieving it.

Anti-royalists in Greece assert that the whole Greek royal family, comprising of the king and queen, seven princes and about 30 princesses, are feeling the effects of the economic distress in Greece.

Several weeks ago officials of the United States customs service in New York seized a lavaliere, with an emerald-studded pendant brooch, which they found in the possession of an electrician on board the steamship King Alexander. The jewel was appraised as having a value of more than \$1000, and it is still in the possession of the government. The customs officers have disclaimed any knowledge of the history of the jewel or identity of its owner. The seizure was made on a charge of attempted smuggling.

ARBITRATION HEARINGS

State Board Takes Up Eastern Mass. Case—Wages and Hours to Be Fixed

BOSTON, May 5.—Twelve disputed points in the proposed new working agreement between the public trustees of the Eastern Massachusetts Street Railway company and their union employees were submitted today to the state board of conciliation and arbitration for adjudication.

Among these questions are reductions in wages; changes in differentials paid men operating one-man cars; abolition of seniority rules in shops, carhouses and maintenance shops; allowing men to mechanical and miscellaneous departments nine hours' pay for eight hours' work on Sundays and holidays; time and one-half pay for Sundays and holidays for all employees; and extra pay for overtime work on week days for mechanical and miscellaneous employees.

It was announced that all other questions had been adjusted at meetings between the trustees and the joint conference board of the unions. The matters on which no settlement had been reached were referred to the state board in accordance with an agreement under which a strike set for last Monday was called off.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. It was finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called acids and poisons, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let subscribers everywhere know about his discovery through the newspapers. Dows, druggists, and Fred Howard have been appointed agent for Allen's in this vicinity with the understanding that they will freely return the purchase money on the first two bottles to all who state they received no benefit.

CONTINUED PROGRESS IN BOSTON COLLEGE DRIVE

Continued progress in the Boston college building fund campaign here was noted today although the canvassers are so busily engaged in covering the city that some of them have not taken time to count their list of donations. The reports thus far are quite encouraging. The headquarters committee, however, expects daily reports so that a definite idea of the progress being made may be available and may be made known to the public. The canvassers are working with energy and the generous manner in which they are being received is encouraging.

12-18 JOHN STREET

ULSTER MINISTER SHOT

Rev. Wm. Maguire, Prominent Orangeman, Receives Wound in Forehead

BELFAST, May 5.—Two shots were fired at the Rev. William Maguire, former vice president of the Methodist church in Ireland, and his son-in-law, the Rev. Frank Metrick, were leaving the headquarters of the North Belfast mission last evening. The Rev. Mr. Metrick received a wound in the forehead, while a passerby was wounded in the eye by fragments of glass as the second bullet passed through a glass panel at the side door of the mission.

The Rev. Mr. Maguire is a prominent Orangeman and one of the best known clergymen in Ulster. He had a narrow escape from being shot in the night of last August, a boy standing close to him at the time being fatally wounded. He is the father of the Rev. Charles Wesley Maguire, who toured the United States and Canada with the party of clergymen from Ulster, in January of last year.

FINED FOR KEEPING UNLICENSED DOG

Joseph Santos, Jr., was fined \$10 in police court today on a charge of keeping an unlicensed dog. Agent Charles P. Richardson of the Humane society testified that the dog in question had bitten several people.

No other cases were tried today, but there were several continuances. The case of Howard B. Strick, charged with threatening bodily injury to Harold M. Taylor, was continued to Saturday and continuances of one week were ordered in the cases of Lenwood H. Foster of Dracut charged with larceny; John J. Manning, charged with non-support of his wife; and Josephine Poplawski, charged with threatening.

Several offenders charged with drunkenness were released as was a suspicious character.

SENDS LETTER OF ACCEPTANCE

George H. Taylor, commissioner of public cemeteries, today sent the following letter of acceptance of his reappointment for a five-year term to Mayor Perry D. Thompson:

Hon. Perry D. Thompson, Mayor, City Hall, Lowell, Mass.
My Dear Mr. Mayor—Thank you for tendering the re-appointment as member of the board of commissioners of public cemeteries. I thank you for the honor.

I will accept the position and endeavor to perform its duties to the best of my ability.
Very truly yours,
GEORGE H. TAYLOR.

INTERSCHOLASTIC DEBATE WEDNESDAY

Lowell high school students are looking forward to the interscholastic debate to be held between the Green-halge Debating society of the local school and the debating society of the downriver school next Wednesday evening in the Lawrence city hall. The local society will send down a strong team and the question to be discussed is: "Resolved: That all labor disputes between organizations and employers should be submitted to a federal compulsory board of arbitration." The Lawrence authorities have arranged a number of entertainment features for the occasion.

Inasmuch as the Lowell high school baseball team is to meet Lawrence high at Lawrence next Wednesday afternoon, it is expected that a large number of students of the local school will leave here at noon and make a day of it in the downriver city.

DOG KILLED BY AUTO

Agent Charles P. Richardson of the Humane society has reported to the police that a collie dog owned by Michael Burke of 277 Thorndike street was run over by an automobile near the junction of Cambridge and Westford streets yesterday afternoon, and that the driver failed to stop. Mr. Richardson has turned over to the police the license number of the machine as reported by a witness. The dog, which was an exceptional beautiful animal, died as the result of its injuries.

Large Block in New Hands

Continued

Shares of stock in the association was reduced from 200 to 50.

The Kresge Realty company is a Michigan corporation organized for the purpose of purchasing and holding locations for use by the S. S. Kresge company which now operates a five and ten-cent store in Lowell as well as 157 other stores located in the principal cities of the country.

The F. W. Woolworth company of New York has a long-term lease on a part of the ground floor of the property. There is no thought on the part of the new owner of disturbing this tenant.

The leases held on portions of the ground floor by the Waldorf Lunch company and Mitchell the Tailor, it is stated, are to expire in the near future. The intention of the S. S. Kresge company is to establish another of its stores in this city.

The estate has been the property of members of the Hildreth family for many years. The living members of the family are Florence Hildreth Nesmith and Florence Palmer. There are between 60 and 70 offices in the building and many of these are occupied by lawyers.

Driven From Homes by Fire in Boston

BOSTON, May 5.—Tenement dwellers in the East Boston section of the city fled from their homes today when fire destroyed the wood box factory of George R. Hobbs on Maverick and Cottage streets. The flames spread through the building so rapidly that the East Boston firemen were unable to cope with them, and apparatus was ferried across the harbor from the city proper. After more than two hours the fire was controlled, the principal loss being in the box factory. Bernard McLaughlin, a fireman, was caught beneath a falling wall but his injuries were not serious. Several women and girls at work in the factory escaped before the fire had gained much headway.

Predict Complete Tie-up of Ships by Week-End

NEW YORK, May 5.—Failure of efforts in Washington to settle the nation-wide marine strike called May 1 as a protest against a 15 per cent. wage cut served to draw the battle line closer here today. Union headquarters said, before the week had ended, every American ship not then at sea would be tied up tight. Engineers, firemen and sailors were reported leaving their ships in increasing numbers and it was asserted there were not sufficient non-union men available capable of handling marine engines to replace the strikers. On the other hand, the owners asserted that the situation was well in hand.

Auto Driver Who Ran Down Woman Sentenced

CAMBRIDGE, May 5.—Mrs. Mary Peto of Lynn was probably fatally injured and two other persons were hurt less seriously today when an automobile crashed into a heavy van. Lieut. Burney Mallowell, U. S. N., who was driving the car, was arrested and sentenced to three months in jail for operating an automobile while intoxicated. He had escaped with only slight wounds in the accident.

Burning Liner Rushes Into Port

FALMOUTH, England, May 5.—(By the Associated Press).—The Harrison line steamer Ingoma, on fire, hurried into Falmouth today after a race of 100 miles to save the lives of her 83 passengers and her crew. The Ingoma was bound from London for the West Indies. The fire was discovered 100 miles off Falmouth while the passengers were asleep. The captain kept them in ignorance of their danger and, having prepared the boats for launching, made for Falmouth under full steam.

Mail Aviator Burned to Death

ROCK SPRINGS, Wyo., May 5.—Walter M. Duntling, a mail service aviator, was burned to death today when his airplane overturned and crashed to the ground while he was taking off for a light to Cheyenne. His wife lives at Carney's Point, N. J.

ACCEPT HARVARD-YALE INVITATION

LONDON, May 15.—By the Associated Press.—The combined Oxford-Cambridge universities track and field team, gesting a seven event dual meet between Princeton and Oxford to be held after the Boston games. Cambridge may arrange a similar meet with Cornell.

The Oxford athletes selected for the trip include: A. I. Reese, formerly of the University of Nebraska, for the 16 pound shotput; G. A. Trowbridge, former student at Princeton university, for the running high jump, and the hurdles; Captain Rudd for the sprints; E. A. Montague for the distance runs; W. R. Milligan for the intermediate runs; Macnoken for the 16 pound hammer throw, and I. Ingrams for the running broad jump.

Captain R. G. D. Rudd of the Oxford team has also cabled to the athletic

Local Street Paving Work

Continued
originally was for the purpose of providing money for the erection of the new Highlands fire house, but loan much as the mayor could not be present, action on this matter was put over until next Tuesday.

The recommendations for street paving from the directors of the chamber of commerce, bring out the fact that the street committee of the chamber has for some time been investigating the cost of paving in various Massachusetts cities and from the information secured from Commissioner Dennis A. Murphy in conference with the board of directors, it was learned that the cost of paving with re-cut granite blocks in Lowell was approximately \$10 per square yard.

Continued by the recommendations say that Walter E. Hassam, formerly manager of the Worcester Engineering Co. and a street contractor of national reputation, was secured to come to Lowell to examine the specifications furnished by the engineering department of the city for granite block pavement.

After an exhaustive survey, Mr. Hassam told the committee, the recommendations say, that it would be glad to take a contract to re-pave Chelmsford street, or any similar street, under the specifications of the engineering department, and even with a richer mixture than called for in such specifications, for 34.75 per square yard. Mr. Hassam also stated he would employ Lowell labor entirely with the exception of his foreman.

In view of this investigation, the board of directors today presented the resolve to the municipal council, that that portion of Chelmsford street included in the paving program for 1921 be paved with re-cut granite blocks to be taken from the present street and re-cut on the job, and that the work be done by contract.

That other streets, now paved with granite blocks, which are to be repaved this year, the work be done by contract and the same method be used as that of Chelmsford street.

That the sidewalk street be paved with re-cut granite blocks, using those now in the city yard as far as they will go, that the work, including the re-cutting, be done by contract.

That the contractor be required, so far as possible, to use Lowell labor.

The only other item of business to come before the meeting of the council was a petition for a sidewalk of cinders and edgestones to be laid in Melvin street. Referred to Commissioner Murphy.

Adjourned at 10.20 o'clock until Tuesday next at 10 a. m.

SLACKER LISTS IN RECORD

WASHINGTON, May 5.—The war department slacker lists as issued from time to time, will be published in Congressional Record. Request for house today by Representative John-son, republican, South Dakota, a former service man and there was no objection.

Astronomers explain the twinkling of the stars is due to the atmosphere.

Wall Street May Link Movies In International Combine

CONSTANCE TALMADGE, SHE'S TAKING A REST, HAVING FINISHED THREE PICTURES, "LESSONS IN LOVE," "WOMAN'S PLACE" AND "WEDDING BELLS."

DOROTHY DALTON, SHE CO-STARS WITH MILDRED HARRIS, CONRAD NAGEL AND THEODORE KOSLOFF IN CECIL DE MILLE'S NEXT PRODUCTION.

Wall street firms have underwritten movies to the extent of \$10,000,000. Movies received scant notice from financiers when fortunes were being amassed on public utilities and "war babies."

The good old days vanished when the government took control of railroads and interstate utilities. Wall street sought another industry not in immediate danger of federal supervision. That youth of industry was the making and exhibiting of films.

Wall Street likes to gamble—but not on the losing end. A picture after it is made represents no tangible asset. In the past two years half a dozen spectacles that cost a million were dead losses.

Big Business said "Show me!" So producers began to buy theatres in which their pictures are shown. The largest film concern in the business became interested in 150 theatres.

Then the owners of little theatres howled. They feared a freeze-out by a film combine. They threatened a boycott against companies entering

the exhibition field. Exhibitors organized and entered the producing field.

One of the producing companies has made overtures for a combine with the German movie trust. The company would thus gain control over several thousand photoplay theatres in Europe.

A compelling concern now has agents in the far east investigating the situation of erecting 1000 movie theatres in China. Natives of China and India have become rabid film fans.

The great Opera House of Paris will show American made films this summer.

Dupont and Morgan interests are competing in the film industry. The race for world supremacy is on.

Star Stuff
 Cecil DeMille is demonstrating again that the star's star is waning. He used ten of them in "The Affairs of Anatol." Other producers are using from two to six stars in one production. DeMille will have in the cast of

his next picture Dorothy Dalton, Mildred Harris, Conrad Nagel and Theodore Kosloff.

The play is based on Leonard Merrick's story, "Laurels and the Lady." No working title has been selected but De Mille may retain the original title as he did in the Anatol picture.

Helen Keller "Sees" Film

Helen Keller, the noted blind and deaf woman, has written to Charlie Chaplin to tell him she enjoyed "The Kid."

She "saw" the film in New Orleans. Her mother sat on one side of her. Mrs. Annie Sullivan Macy sat on the other. Mrs. Macy touched Miss Keller's hand with her finger tips. The photoplay started.

The swift intonation of Mrs. Macy's fingers depicted the screen action to Miss Keller. She laughed unreservedly.

Artists in "Disraeli"

George Arliss is to make three pictures for the United Artists. The first one is "Disraeli," his great stage success. "The Devil," first venture of Arliss in films, is now being exhibited.

At the Studio Keyhole

Sunday movies have been banned in Cedar Rapids, Iowa.

Alice Brady has bought a town home in New York for \$110,000.

Gouverneur Morris is writing a Chi-

nese fantasy for the screen.

Barry Lytton has completed "The Nan Who."

"The Fall Guy," Larry Semon's next comedy. If you watch the moving one hour you see 57,600 separate pictures.

Louise Glaum is planning a vacation in Mexico.

"Beach of Dreams," starring Billie Storey and Noah Beery, will soon be released.

Rupert Hughes has written "From the Ground Up" for Tom Moore's next.

Henny Porten, heroine of "Deception," started on the stage at the age of four in a solo dance.

Cullen Landis built his own auto. It makes 52 miles an hour—when the cops aren't looking.

The Balzac story which Rex Ingram will film is "The Conquering Power."

Reached the Oder river and are marching toward the northwest in the direction of Oppeln.

Despatches from Silesia, assert the Poles, angered by reports that the inter-allied plebiscite commission had recommended the awarding of only the regions of Pless and Rybnik, in southeastern Silesia, to Poland, have declared their intention to seize the

whole region, over the possession of which a bitter political struggle has been waged and the future status of which was to have been determined by the plebiscite held recently.

The Daily Mail said today it had learned that Premier Briand of France had asked Prince Sapieha, Polish foreign minister, who arrived here on Monday, to transmit a request to the Polish government to take immediate steps to end the disorders.

So far as is known, Polish military forces are not engaged in the repression of disorders in Silesia, but despatches indicate that elements which have crossed the Silesian frontier were

well organized and were armed with rifles and machine guns.

Frontier Closed

WARSAW, May 5.—On account of conditions in Upper Silesia, the frontier with that district has been closed on the Polish side.

The Warsaw newspapers declare that the Polish government was taken completely by surprise by the uprisings and that it is making efforts to restore calm. An immediate report was sent to the allies upon the government learning of the conditions.

"Burrfoot" Johnson, the dry leader, got his nickname from a reporter on an Oklahoma newspaper.

An ancient church, dating from the fifth century, has been discovered beneath the foundations of the Rheims cathedral.

Some heretofore unknown fish have been taken recently from the waters of southern California.

Adventures of The Twins

"THE BEAR'S BREAKFAST"

BUTTER-BALL LOOKED AT BILLY-BUNCH AND BILLY-BUNCH LOOKED AT BUTTER-BALL.

Mr. and Mrs. Brown Bear went tip-toe-lapping out in the woods hunting for their breakfast. Following them were their twin sons, Butter-Ball and Billy-Bunch. Billy-Bunch was hungry as a hunter.

"What'll you have?" Mr. Bear asked Mrs. Bear.

Mrs. Bear replied that as she always woke up with a headache, there was nothing that did her half so much good as honey.

"Then honey it is," said old Bruin to her husband, "Boys, turning to his sons, 'hurry up and help us find some wild honey in one of the trees. Your mother has a notion that she'd like some.'"

"But I've a notion, too," protested Butter-Ball. "I've a notion that in about another minute I'll be starved to death, and I know where Greenie Grasshopper and all his relatives are hiding. Couldn't I have just a weeny bite before I hunt for the honey?"

"Silly!" said Mr. Bear sternly. "mind your manners! Ladies first, especially mothers."

Butter-Ball had nothing further to say, so he tucked his tail between his legs, and he hadn't any tail to tuck—and slunk along sulky as sour cream.

Billy-Bunch had wanted grasshoppers, to, so he tucked in his tail, and he hadn't any tail to tuck in, either—and he slunk along, sour as butter-milk.

Pretty soon old Bruin Brown-Bear called back, "Hi, there, kids! I see a great lot of honey trickling out of that big button-ball tree. You fellows shiny up and get a big handful apiece and fetch it down. Mama's head is hurting so bad she can't wait. I'll keep watch and if I see any bees coming, I'll call up to you."

Butter-Ball looked at Billy-Bunch and Billy-Bunch looked at Butter-Ball. The same idea occurred to both.

(To Be Continued)

(Copyright, 1921, The Lowell Sun)

Little Richard Makes Splash in Movies

RICHARD HEADRICK, HE'S THREE AND A HALF AND A SWIMMING CHAMP! THAT'S WHY HE WAS PEEVED WHEN "RESCUED" FROM A DROWNING SCENE.

BY JAMES W. DEAN

Prodigies in the movies are more or less commonplace. Right now Jackie Coogan holds the spotlight.

Katherine and Jane Lee made a hit in the movies. At present they are appearing in vaudeville in Canada, having completed a tour of the United States.

Jean Carpenter gained fame as the child double for Mary Pickford.

John Henry, Jr., was signed by Sennett when he was hardly big enough to hold a pen.

And there's Richard Headrick, who's three and a half.

Richard is the child in "The Child Thou Gavest Me," which John M. Stahl has just completed.

Richard is possessed of poise, personality—and temperament.

The temperamental cropped out in the filming of the picture. The boy was floundering in a lake, supposed to be drowning.

A "Good Samaritan" happened along. He saw the boy perched off his coat and jumped in after him.

Richard was so mad that he wouldn't act the rest of the day. That was because he's the boy swimming champion and star of water events at Santa Monica pier.

Voice in "Dream Street"

Griffith is experimenting with the "talking movies" invented by O. E. Kellum or San Francisco. A special film of "Dream Street" was made so that the action could be synchronized with the talking machine. The talking production is being exhibited at the Town hall, New York. Griffith says the invention is a success and that it will be applied to other pictures.

Studio Close-Ups

H. C. Witwer is to write comedies for Lee Moran.

Carpenter Griffith has started work on "The Payment."

Virginia Valli is playing opposite Bert Lytell in "A Trip to Paradise."

Elmo Lincoln has started a new serial based on the "Tarzan" stories.

Tom Mighan has made four round trips from coast to coast the past year.

Jerome Patrick is deserting the screen for the stage. Pauline Frederick is thinking about it.

Pola Negri, star of "Passion" and "Gypsy Blood," is now on a violin concert tour of Europe.

Alice Brady was slightly bruised while driving a truck for a movie thriller.

"Fast Runner" Chicago butter and egg broker is trying to win Natalie Talmadge from Buster Keaton!

Movie exhibitors are renewing their campaign for a two-cent piece to aid in making change at the box office.

"Just Outside of Hell." That's the name of a story Tom Browning has purchased for the screen. Where's the best place for location?

Mina Durfee, Fatty Arbuckle's wife, announces that she is to return to the screen in two-reel comedies.

Will Rogers has started work on "A Poor Relation," taken from the famous stage success. Molly Malone plays the part of the little waif.

Costume completed. Fairbanks is starting on "The Three Musketeers." Fifteen are in the cast. Fred Nickliss will direct.

Max Ingram has begun plans for a film more spectacular than his "Four Horsemen of the Apocalypse." It will be based on a Balzac story.

Marc McDermott and Reginald Denham share honors for the leading male role in "Footlights" which Elsie Ferguson has just completed.

MY MISSION

BY BERTON BRALEY

Let those who will, be tragic;
I crave the fortune magical
To brew a joyous schor
With a snicker
In each taste.
A potion highly risible
That makes the back teeth visible
And starts a sudden shaking
And a quaking
Round the waist!

Oh, what is half so glorious
As merriment uproarious
That gives a robust savor
And a braver
Tang to life?
A glee that is vociferous,
Gives clouds a tinge auriferous
And freshens up your spirit
When you hear it
Mid the strife?

Let hands with mien funeral
Make out of sour material
The draught without a titter
That is bitter
When you quaff,
But such a muse lugubrious
To me seems insubstantial—
If an audience I gather
I'd much rather
Make 'em laugh!

BERTON BRALEY JOINS
THE SUN STAFF

Berton Braley, the People's Poet and Singer of the Romance of Today who has been an occasional contributor to this newspaper, today joins The Sun staff.

Hereafter Braley will write a poem your spirit.

DEATHS

RYAN—James F. Ryan, a resident of this city for a number of years, died yesterday afternoon at the isolation hospital. He is survived by his wife, Mrs. Julia Ryan of 117 Willie street, and two brothers, John and Michael Ryan. The body was removed to the rooms of Undertakers M. H. McDonough Sons.

SMITH—William Smith, Jr., died last night at the home of his parents, William and Margaret (Collins) Smith, 103 Washington street, after a very brief illness, aged 6 years and 4 months. He was an attendant of the Laura Lee school. He is survived by his parents and three sisters, Dorothy, Mary and Pearl Smith.

CUTTING—Mrs. Eva C. Cutting died yesterday at the home of her father, Mr. P. F. Fiske, 251 Liberty street, aged 54 years. She is survived by five sisters, Mrs. E. P. Fiske, Mrs. Roscoe McDaniell, Mrs. J. S. Traver, Lowell, and Mrs. C. S. Giffard and Miss Clara M. Wormell, both of Brooklyn, N. Y., and four brothers, A. H. Wormell and U. G. Wormell, both of Lubec, Me., and Walter E. Wormell of Haverhill, Mass. The funeral will be held at the Haverhill papers please copy.

CUNNINGHAM—Miss Kate Cunningham, an old resident of this city, died last evening at the Chelmsford street hospital. She leaves a niece and two nephews. The body was taken to the rooms of Undertakers James F. O'Donnell & Sons.

GILBRIDE—Herbert Gilbride, aged 7 years, 11 months and 6 days, son of John and Norah (Mullen) Gilbride, died last night at the home of his parents, No. 151 Ludlow street, after a short illness. On account of the cause of death (diphtheria) the funeral took place this afternoon at 2 o'clock and was private. Burial was in the family lot in St. Patrick's cemetery, where Rev. Fr. Mullen conducted the committal services at the grave. Funeral director James W. McKenna had charge.

FUNERALS

ABBOT—The funeral of Abel J. Abbot, the well known Westford mill man, took place yesterday afternoon with services in the Unitarian church in Westford. The church was crowded with people from all walks of life and the front of the church where the casket rested, was banked with floral offerings. The officiating clergyman was Rev. Edward A. Horton. Burial was at Westford, Mass. The bearers were Fred A. Sweet, James Sullivan, Alfred T. W. Pringle, Jr., and W. R. Taylor. The honorary bearers were L. S. Gilson and Henry Provost. Burial took place in the Fairview cemetery.

FULLER—The body of Leroy G. Fuller, a former resident of this city, who died at Concord, N. H., May 3, was brought to this city this morning for burial in St. Patrick's cemetery. Rev. Fr. Shea of St. Peter's church officiated at the grave. Undertaker W. H. Saunders was in charge of the arrangements.

RADZIK—The funeral of Stanislaw Radzik took place this morning at 9 o'clock from the home of his father, Michael Radzik, 2 Elm place. At Holy Trinity Polish church at 533 O'Connell street, a requiem mass was celebrated by Rev. Fr. Ogonowski. A delegation was present from Cudahy Packing Co. The bearers were Michael Wengryn, Jos. Michalazyk, John Kucak, John Lapski, Anthony Sokowski and John Smith. Burial was in the family lot in St. Patrick's cemetery, where the committal prayers were read by Fr. Ogonowski. The funeral arrangements were under the direction of Undertaker Joseph Sadowski.

PLAYGROUND INSTRUCTIONS

Between now and the date set for the opening of the city playgrounds, on July 11, Supt. Kernan of the park department, will be called upon to secure 22 more instructors. Already he has requisitioned the civil service commission for additional lists of young women eligible for the position. At an examination recently held at which applicants competed, only eight Lowell people were selected as eligible. The remainder of the list coming from cities all over the state.

Thorns and fishbones were used to fasten clothing long before the discovery of pins and needles.

SIMON B. HARRIS DIES IRISH RELIEF FUND EIGHT POLICE SLAIN IN COUNTY KERRY

Halls an Address in Memorial Hall and the End Comes Suddenly

Lecture by Rev. Fr. O'Connor of Cork, Ireland, Sunday Evening

DUBLIN, May 5. (By the Associated Press.)—A sergeant and seven constables were ambushed and killed yesterday, a short distance outside of Rathmore, county Kerry.

The police party comprising a sergeant and eight constables, had left Rathmore, to recover the body of a man lying in the road half a mile away from the village, but ran into the ambush before they had reached the spot.

Twelve Irish volunteers were either killed or wounded and one military officer was severely wounded as a result, according to an official report yesterday, of a trip by a party from a border regiment to investigate an ambush which occurred yesterday at Fourmuck, county Mayo.

Four policemen were killed and two wounded in the ambush at Fourmuck.

The investigating party encountered a number of members of the Irish republican army in the Bantry mountain and a fight ensued, after which the military forces recovered the body of one of the republicans and captured another who was armed with a shotgun.

Mr. and Mrs. William Brown of 40 Leverett street are rejoicing over the arrival of a daughter, Constance. Mrs. Brown was formerly Miss Mary Collins of Pawtucketville.

Automobile Insurance of all kinds. Fire, theft, liability and property damage written by the companies in the Lowell Mutual Fire Insurance Co.'s Agency Dept., Joseph Peabody, Agt., 33 Central st., Central block. Tel. 91. We solicit your patronage.

The annual graduation exercises of the Lowell Textile school will be held Wednesday afternoon, June 3, at the school in Moody street. The speaker of the occasion will be Dallas Lora Sharpe, head of the English department of Boston university and a speaker of note. The public is cordially invited to attend.

Commissioner John F. Salmon, has received an official army picture of a scene at Raymondville, France, in 1918, in which Mr. Salmon appears as a Knight of Columbus worker. The picture shows a German who has been severely wounded, receiving the last rites of the Catholic church. In addition to Mr. Salmon there are shown Fr. O'Reilly, an army chaplain, stretcher bearers, physicians and members of the 89th Division.

Mr. John B. Lambert was elected president of the Bartlett School Parent Teachers' association at a meeting of the organization late yesterday afternoon. Miss Helen Noyes was elected vice president, Mrs. M. J. Donahue treasurer and Mrs. J. R. Donahue secretary. Mrs. George Heath spoke on "The Diet for the School Child," and it was voted to hold a "Fathers' Night" on the first Wednesday in June.

DRAWING CONTEST
The winners in the drawing contest recently conducted by the Braves Baseball club in this city, were announced today. Mrs. Ryan of 233 Main street won the first prize of \$250 in gold, and Mrs. Killibey of 25 London street was awarded the second prize, a fountain pen.

HUSBAND AND WIFE BOTH SICK
Mr. and Mrs. Andrew Comer, Shenandoah, Va., were ill. He writes: "My wife had rheumatism in her arms so she could not use them. She has no trouble since taking Foley's Kidney Pills. I don't have to get up at night any more. Since taking Foley's Kidney Pills, nor have I a weak back. Act quickly; tonic in effect. Burkinshaw Drug Co., 413 Middlesex st., Moody & Bigelow, 301 Central st., Adv."

SIMON B. HARRIS

Corps, when he announced that he did not feel well enough to proceed and asked Dudley L. Page to finish reading his paper for him. He took his place in a chair and died shortly afterwards.

Medical Examiner Thomas B. Smith was called to the hall and, after examining the body, announced that death was due to cerebral hemorrhage.

Mr. Harris was born in Bethlehem, N. H., 15 years ago. He came to Lowell as a young man and had made his home in this city during a considerable part of the time since.

Mr. Harris first became connected with the Lowell police force 19 years ago. Later he became associated with the state police and was active in the enforcement of the laws relating to the sale of liquor. He was appointed head of the Malden police force in 1915 and filled the office for one term. In 1919 he was appointed by former Mayor George H. Brown a member of the local license commission. In 1919 he was elected by former Mayor Arthur Howard to take charge of the Salem police department. In this position he made a record as a vigorous enforcer of the laws prohibiting the sale of intoxicants in a no-license city.

After his retirement from police work in Salem, on account of ill health, Mr. Harris came to Lowell, where he had since made his home, being engaged in business as an auctioneer and real estate dealer.

During late years the deceased had devoted much of his time to building up the Lowell Fish and Game association and had taken an active interest in various projects for extending the facilities for enjoyment of hunters and fishermen.

Mr. Harris had later moved from his old home in Westford street to a new residence in Middlesex street. He leaves a wife, Mrs. Nellie Harris, and a sister, Mrs. Dorcas Yarrington of South Stafford, Vermont.

In the days of Hammurabi, 2300 B. C., a surgeon's hands would be cut off if his patient died.

Lift Immunity of Erzberger

BERLIN, May 5.—The reichstag today lifted the parliamentary immunity of Mathias Erzberger, former vice premier and minister of finance, who has been charged with sending capital abroad and other offenses. He was returned to the reichstag in the elections of June last.

Seamen's Leaders Fail to Meet Sec. Davis

WASHINGTON, May 5.—Representatives of the marine workers failed to meet today with Secretary Davis to continue conferences looking to a settlement of the shipping wage controversy which has resulted in crews of some American merchant craft walking out. Mr. Davis said the conference would not be held and that he did not know whether the meetings would be resumed.

Simons Staked Fate on Note to U. S.

BERLIN, May 5.—(By the Associated Press.)—The cabinet of Chancellor Fehrenbach, which resigned last night, continued to function today in compliance with President Ebert's request that it remain in office until a new ministry is organized. Informal conferences are in progress among the coalition party leaders as to the makeup of the new government. The new cabinet will be confronted with the prospect of being called upon to affix Germany's signature to the entente protocol on reparations. Dr. Simons counted himself out when the delay in the reply to his appeal to President Harding indicated a negative answer. That Chancellor Fehrenbach and the rest of the cabinet would automatically disappear with Dr. Simons was a foregone conclusion, as the ministry had staked its existence on the success of its attempt to win President Harding for mediation or arbitration.

Ultimatum Handed to German Envoy. Allies Invite U. S. to Join Councils.

FINAL WORD SENT GERMANY

Allied Ultimatum Demands German Answer by May 12 at the Latest

Failure to Comply Means Allies Will Proceed With Occupation of Ruhr Valley

LONDON, May 5. (By the Associated Press.)—The allied ultimatum issued to Germany today summons her to reply categorically by May 12 at the latest, whether she will perform her unfulfilled obligations under the treaty of Versailles, primarily as to the payment of reparations to the allied powers.

Should she fail to comply, the allies give notice that they will proceed on May 13 with the occupation of the Ruhr valley and to undertake other military and naval measures. The terms for Germany's payment Continued to Page Six

INVITATION TO U. S. GOVERNMENT

Supreme Allied Council Cables Formal Invitation to State Department

Would Have U. S. Representatives on All Important Commissions

LONDON, May 5. (By the Associated Press.)—Formal invitation to appoint representatives to the supreme allied council, the council of ambassadors, and the allied reparations commission, was cabled to the American state department in Washington by the supreme allied council last night.

DOG KILLED BY AUTO
Agent Charles F. Richardson of the humane society has reported to the police that a collie dog owned by Michael Burke of 277 Thorndike street was run over by an automobile near the junction of Chelmsford and Westford streets yesterday afternoon, and that the driver failed to stop. Mr. Richardson has turned over to the police the license number of the machine as reported by a witness. The dog, which was an exceptionally beautiful animal, died as the result of its injuries.

CALL STILLMAN FAMILY DOCTOR

Dr. Russell of Buffalo Witness at Referee's Hearing in Divorce Action

Expected to Be Questioned Concerning Conversations With Mrs. Stillman

NEW YORK, May 5.—Dr. Hugh Russell of Buffalo was called as a witness today with resumption of the referee's hearing in the divorce action brought by James A. Stillman.

Dr. Russell was for three years the Stillman family physician. He was called by counsel for Mr. Stillman and was expected to be questioned concerning conversations he had with Mrs. Stillman.

It was expected that Bernard Kelly, for three years superintendent of the Stillman country place near Pleasantville, N. Y., would be recalled. Yesterday he was said to have identified the handwriting of Fred Beauvais, Indian guide, named as correspondent, in certain letters.

THE GAS HOUSE STRIKE

Executives of Company Refuse to Arbitrate—Strikers Paid Off Today

With the executives of the company refusing to arbitrate and declaring that the present force of employees which was hastily organized since last Saturday would be sufficient for the present needs of the concern, the strike of employees of the Lowell Gas Light Co. which opened Saturday afternoon because of alleged failure of the company to live up to its agreements, began today to take on the aspect of a long drawn-out affair with neither side Continued to Page Fourteen

LOCAL STREET PAVING WORK

Chamber of Commerce Recommendations Filed by the City Council

Paving Chelmsford and Thorndike Streets by Contract Was Recommended

The municipal council, minus Mayor Perry D. Thompson, who had been summoned to appear as a witness at the Tallen murder trial in East Cambridge, today listened to the recommendations for street paving made by the directors of the Lowell chamber of commerce had then voted them placed on file.

The recommendations, framed in resolutions form, were addressed to the mayor and municipal council and were read by President George E. Marchand. They recommended the paving of Chelmsford street by contract, using re-cut granite blocks to be taken from the present street and also the paving of Thorndike street, by contract, using a re-cut granite blocks now at the city yard as far as they will go. Also, it is stipulated that a contractor shall be required, so far as possible, to use Lowell labor.

The meeting, called at 10 o'clock. Continued to Page Seven

SEVERE STORM HITS NEW YORK

\$1,000,000 Damage Caused by Worst Wind and Rain Gale in 10 Years

Trolley and Train Service Paralyzed—Wires Snapped—Steamers Collide

NEW YORK, May 5.—New York city and its harbor today were hit by what is said to be the most severe wind and rain storm in the last 10 years. The storm began last night, paralyzing trolley and train service in outlying districts, snapping wires and causing property damage estimated at more than \$1,000,000. Staten island was the hardest hit.

The weather bureau reported today that the gale, which reached its peak at about midnight, had been somewhat abated, but was still strong enough to hamper shipping. The gale swept the Fall River line steamer Priscilla, with 500 passengers on board, out of its course, as it was about to dock at the foot of Barclay street, in Manhattan. The boat crashed into another nearby pier, tearing down iron girders and wrecking a part of the pier. None of the passengers was injured.

The crew of the Monrovia life saving station, near Bay Head, N. J., rescued a crew of four men from the fishing schooner Julia, which was on its way from Atlantic City to Boston. The schooner had dropped anchor, but the anchor failed to hold and the vessel washed ashore, where it was being pounded to pieces today by the waves.

BRIDGE STREET LADY WHO HAD LOST 40 POUNDS ACCOUNT OF ILLNESS TESTIFIES FOR CINOT

Mrs. Kathryn Donoghue of 417 Bridge St., Lowell, Says by the Use of CINOT She Has Restored Health and Gained Sixteen Pounds and Still Gaining

Mrs. Donoghue who is a well known mill worker, says: "I had a severe attack of indigestion quite a while ago and it left me with chronic stomach trouble and loss of appetite and I was sallow complexioned and felt badly. I did not sleep well and it seemed that I had to force the food down me that I did eat."

"I read where CINOT had helped some of my friends and decided it would be a good thing for me and I am glad I decided that way."

"I have received the most wonderful results as I am today getting back weight that I lost and my indigestion has entirely left me and I feel well and strong."

"I am giving this testimonial as I feel it is my duty so other people can see just how good CINOT is."

CINOT IS BEING DEMONSTRATED IN LOWELL BY AN EXPERT AT DOWS DRUG STORE, MERRIMACK SQ., and is for sale by druggists everywhere.—Adv.

Third Day of the Tallen Murder Trial in Superior Criminal Court in East Cambridge

Sir James Craig and Eamonn de Valera Confer on Irish Affairs

BELFAST, May 5.—(By the Associated Press.)—Sir James Craig, premier-designate for Ulster, and Eamonn de Valera, the Irish republican leader, had a conference on Irish affairs in Dublin today, it was announced officially this afternoon. They exchanged their respective views.

READ LETTER FROM COOLIDGE

Vice President Defends Purchase of Subway in Letter to Legislative Committee

Never Knew Anyone Derived Personal Advantage From Passage of Bill

BOSTON, May 5.—Purchase of the Cambridge subway and other legislative enactments during his term as governor, were upheld by Vice President Calvin Coolidge as the best means of affording necessary financial relief for the Boston Elevated Railway Co. in a letter today to the legislative committee investigating street railway legislation in 1918 and 1919. The vice president said he had been unable since to discover any better remedies which could have been applied at the time.

The committee which has been inquiring into stock market operations in traction securities by legislators was told by the former governor that he never knew that anyone derived any personal advantage from the passage of the legislation for the purchase of the subway. He considered it of benefit to the public, he said, but of little effect one way or the other on the Elevated company's property.

Hildreth Building Becomes Property of Kresge Company of Detroit

Sale Made for Sum Considerably in Advance of Assessed Valuation

The Hildreth building on Merrimack street, one of the principal pieces of business property in this city, has been sold to the Kresge Realty company of Detroit, Mich. The final papers completing the sale were passed today.

Messrs. S. S. Kresge, president, and H. H. Servis, vice president, of Detroit, representing the realty company, came to Lowell this morning for the purpose of completing the sale of the property.

The building was formerly owned by the Hildreth Estate Trust association. It was sold last year to Charles and James Brown of Lawrence, who are today disposing of all of their stock in the association. At the time when the property changed hands the number of (Continued to page seven)

CONTINUED PROGRESS IN BOSTON COLLEGE DRIVE

Continued progress in the Boston college building fund campaign here was noted today although the canvassers are so busily engaged in covering the city that some of them have not taken time to count their list of donations.

The reports thus far are quite encouraging. The headquarters committee, however, expects daily reports so that a definite idea of the progress being made may be available and may be made known to the public. The canvassers are working with energy and the generous manner in which they are being received is encouraging. There is every expectation that the city will make its quota.

Men and women must sit in separate parts of motion picture theatres in Yokohama, Japan.

CRIES OF TALLEN WHEN SHOT

Witnesses Disagree as to Whether Tallen and His Assailant Grappled

Fortier's Mother Talks To Son During the Noon Recess

Mayor Thompson Called as Witness—Jury Visits Scene of Murder

The third day of state's testimony, in trial of Alfred Fortier and the Thelberge brothers opened this morning. Mrs. Tallen, widow of the Middlesex street merchant whom the defendants are charged with murdering, was not present for the first time since the taking of the testimony began. A brother of the Thelberges, a resident of Lowell, was among the spectators.

JUDGE LOUIS S. COX, Presiding

stein, who conducts an establishment where shoes are repaired on Middlesex street. He testified to hearing a shot fired on the evening of January 25, while he was in his store. He went out into the street, he declared, and was a witness to the firing of the second shot. His testimony differed from that which had gone before, in the matter of the relative positions of Fortier and Tallen at the time the second shot was discharged. Witness was quite sure, he declared, that the pair were not holding each other when this (Continued to Page 7)

CUSTOM TAILORED SUITS

\$39.50 and \$49.50

It has been a long time since we have been able
to offer suits like these. The finest suits in Lowell,
all custom tailored. Made of F. & H. twill cord and
tricotine, every one man tailored; every suit made
to sell from \$60.00 to \$90.00. Suits with indi-
viduality, suits with the long lines, suits the Fifth
Avenue women have stamped with the most popular
approval of anything this year.

Other Suits at Big Reductions.

\$18.50, \$25.00, \$29.50

Suits taken from our regular stock and reduced to
these low prices. All tricotine, silk lined and new-
est styles.

— Second Floor —

Colorado To Be Shattered To Turn American Deserts Into Farms

THIS IS THE SPOT IN BOULDER CANYON ON THE COLORADO RIVER WHERE IT IS PLANNED TO ERECT A 700-FOOT DAM. HERE ALSO ARE A MAP OF THE COLORADO, SHOWING THE STATES AFFECTED BY THE ENTIRE RIVER DEVELOPMENT ENTERPRISE, AND ARTHUR P. DAVIS, WHO IS COMPLETING A GOVERNMENT INVESTIGATION OF THE PROPOSITION.

BY JACK JUNGMEYER

WASHINGTON, May 5.—Seven western states have united in asking congress to help them tame the unruly Colorado river and hitch it to the plow.

This work would enormously extend the food-producing area within the United States.

The first unit proposed to provide irrigation, flood control and power development in creation of a great reservoir behind a 700-foot dam at Boulder Canyon.

This, together with steps to be undertaken later, say the promoters, will transform the agricultural and industrial life of the entire southwest.

The government is asked to conduct and supervise the work so that the development of the Colorado may be undertaken on a unified plan.

Congress held the foundation for the Boulder canyon project at the 1920 session, providing for an investigation.

Arthur P. Davis, director of the United States reclamation service, with a board of experts is completing a final survey.

Following Davis' recommendations, Congressmen Swing of Imperial, Cal., will introduce legislation behind which every district affected is expected to line up.

The plan is for these districts to finance the project by issuing bonds, the various amounts being proportioned to benefits that shall accrue. This is to be determined by a federal commission.

Estimates place the cost between \$75,000,000 and \$100,000,000.

The government would be asked to pay its pro rata for improvements to public and Indian lands.

Boulder canyon dam, if the Davis report declares it feasible, would impound a volume of water practically equal to two years' normal flow of the Colorado. Canals would divert it where needed.

It would vastly extend the present irrigated area in and near Imperial valley and stabilize and equalize the erratic river flow.

It would at the same time eliminate the threat of disastrous flood.

Experts declare that the contemplated project would develop a maximum of 1,000,000 horsepower hydro-electric

power which could be radiated throughout a 500-mile circle, reaching as far as San Diego in the south and Salt Lake City in the north.

Cheap energy would thus be made available in a land where fuel is unusually expensive, and make possible an industrial development thus far hindered, at the same time conserving dwindling oil supplies.

The harnessing "kick" of the Colorado, felt in city, hamlet, farm and what is now steam, would energize the heart of an area comprising one-third the continental United States.

Tapping parts of Wyoming, Colorado, Utah, Nevada, Arizona, New Mexico and California, the Colorado is the third largest river in the country, 1800 miles in length, and probably the greatest potential source of white power in the United States.

SEN. BORAH BEATEN

Disarmament Kept Out of Naval Bill — Committee Yields to Harding

WASHINGTON, May 5.—Administration forces won the first skirmish yesterday in the impending senate fight over naval disarmament.

Guided by the expressed wishes of President Harding, the senate naval committee refused to incorporate in the annual naval appropriation measure the proposal of Senator Borah authorizing and requesting the chief executive to invite Great Britain and Japan to send representatives to a disarmament conference here.

Before the committee acted, Senator Borah had given notice of the fight to come by reintroducing his proposal in the senate and moving to suspend the rules to make it a matter.

Senator Pomeroy, democrat, Ohio, also gave a formal notice that he intended to present a disarmament amendment to the naval bill. His amendment would authorize the president to delay the building program six months while an effort was being made to arrange a conference between the United States, Great Britain and Japan. Should an agreement to limit construction be reached by the three countries, the president might suspend the building program in whole or in part.

It is understood that administration leaders in both the senate and house plan to delay action on any proposals for international disarmament because of the desire of the president not to have this question initiated in congress in the present state of international relations.

As favorably reported yesterday by the naval committee the annual naval bill, which failed at the last session, provides not only for continuing construction on the uncompleted 1219 program, but also for a personnel 20,000 in excess of the 100,000 proposed by the house. It also carries funds for beginning work on various naval bases on the Pacific coast.

The committee increased the house total of \$200,000,000 to \$295,000,000, or the same figure that was voted last year. It failed in the senate last March. The principal increases voted yesterday by the committee included \$12,000,000 for aviation, \$15,000,000 to start work on two new aircraft carriers, about \$7,000,000 to begin construction of a new fleet base at Alameda, Cal., and other Pacific Coast bases, and about \$7,000,000 to expedite construction of capital ships. There also were large increases for pay and support of personnel.

Senator Pomeroy, in charge of the bill, plans to report the amended measure to the senate tomorrow with a view to calling it up next week, immediately after disposal of the Emergency Tariff bill.

House Leaders to Hold Up Plans

WASHINGTON, May 5.—Proposals for international disarmament are to be delayed for the present in the house, under a decision understood to have been reached yesterday by republican house leaders. This is said to square with the desire of President Harding not to have the disarmament question agitated in congress in the present state of international relations.

President Harding is said to have told all inquirers that although the present administration is pledged to reduction of armament, he does not consider the present time opportune for such a movement in view of the delicate situation abroad. It is understood to have been indicated that he has in mind some steps looking toward an international conference on disarmament at the proper time.

The boat-woman of China, the head of the boat, while her husband is her subordinate.

WE WELCOME LETTERS OF INQUIRY from all persons interested in our plan for reducing the cost of heat, light and power. Write to: Lowell Tide Power Co., Canal st., Boston.

Another well known traveling man goes out for Tanlac. This time it is Benjamin H. Knight, 39 Vernon street, Springfield, Mass., who travels the New England states with household goods. Here is his statement:

"In telling my customers every day about how Tanlac fixed me up, and I know a number of people who have taken the medicine, with fine results, on my recommendation. For three years before taking Tanlac I never saw a well day. I never got more than two or three hours' sleep a night and was so weak and nervous I hardly felt fit for a thing. I took medicine enough to have opened a little drug store of my own, but nothing did me any good until I got Tanlac.

"My stomach gave me no end of trouble. I never dared eat anything the least bit heavy and what I did eat bloated me up with gas and I had attacks of indigestion that kept me in bed for two and three days at a time. I had splitting headaches and awful pains in my back.

"Well, sir, it looked like every town I got in I heard somebody talking about Tanlac, so I got a bottle and it helped me right from the start. Today I have a tremendous appetite and nothing I eat hurts me, for I have gained ten pounds in weight and am still gaining. I never have a headache or a backache, sleep fine and am just in the pink of condition. In fact I never felt better in my life. Tanlac has got everything beat that I ever heard of in the way of medicine."

Tanlac is sold in Lowell by Green's drug store under the personal direction of a special Tanlac representative, by Wright Drug Co., Haverhill, Mass., Snow's Pharmacy, Concord, Mass., and by the leading druggist in every town.

Another well known traveling man goes out for Tanlac. This time it is Benjamin H. Knight, 39 Vernon street, Springfield, Mass., who travels the New England states with household goods. Here is his statement:

"In telling my customers every day about how Tanlac fixed me up, and I know a number of people who have taken the medicine, with fine results, on my recommendation. For three years before taking Tanlac I never saw a well day. I never got more than two or three hours' sleep a night and was so weak and nervous I hardly felt fit for a thing. I took medicine enough to have opened a little drug store of my own, but nothing did me any good until I got Tanlac.

"My stomach gave me no end of trouble. I never dared eat anything the least bit heavy and what I did eat bloated me up with gas and I had attacks of indigestion that kept me in bed for two and three days at a time. I had splitting headaches and awful pains in my back.

"Well, sir, it looked like every town I got in I heard somebody talking about Tanlac, so I got a bottle and it helped me right from the start. Today I have a tremendous appetite and nothing I eat hurts me, for I have gained ten pounds in weight and am still gaining. I never have a headache or a backache, sleep fine and am just in the pink of condition. In fact I never felt better in my life. Tanlac has got everything beat that I ever heard of in the way of medicine."

Tanlac is sold in Lowell by Green's drug store under the personal direction of a special Tanlac representative, by Wright Drug Co., Haverhill, Mass., Snow's Pharmacy, Concord, Mass., and by the leading druggist in every town.

SEN. BORAH BEATEN

Disarmament Kept Out of Naval Bill — Committee Yields to Harding

WASHINGTON, May 5.—Administration forces won the first skirmish yesterday in the impending senate fight over naval disarmament.

Guided by the expressed wishes of President Harding, the senate naval committee refused to incorporate in the annual naval appropriation measure the proposal of Senator Borah authorizing and requesting the chief executive to invite Great Britain and Japan to send representatives to a disarmament conference here.

Before the committee acted, Senator Borah had given notice of the fight to come by reintroducing his proposal in the senate and moving to suspend the rules to make it a matter.

Senator Pomeroy, democrat, Ohio, also gave a formal notice that he intended to present a disarmament amendment to the naval bill. His amendment would authorize the president to delay the building program six months while an effort was being made to arrange a conference between the United States, Great Britain and Japan. Should an agreement to limit construction be reached by the three countries, the president might suspend the building program in whole or in part.

It is understood that administration leaders in both the senate and house plan to delay action on any proposals for international disarmament because of the desire of the president not to have this question initiated in congress in the present state of international relations.

As favorably reported yesterday by the naval committee the annual naval bill, which failed at the last session, provides not only for continuing construction on the uncompleted 1219 program, but also for a personnel 20,000 in excess of the 100,000 proposed by the house. It also carries funds for beginning work on various naval bases on the Pacific coast.

The committee increased the house total of \$200,000,000 to \$295,000,000, or the same figure that was voted last year. It failed in the senate last March. The principal increases voted yesterday by the committee included \$12,000,000 for aviation, \$15,000,000 to start work on two new aircraft carriers, about \$7,000,000 to begin construction of a new fleet base at Alameda, Cal., and other Pacific Coast bases, and about \$7,000,000 to expedite construction of capital ships. There also were large increases for pay and support of personnel.

Senator Pomeroy, in charge of the bill, plans to report the amended measure to the senate tomorrow with a view to calling it up next week, immediately after disposal of the Emergency Tariff bill.

House Leaders to Hold Up Plans

WASHINGTON, May 5.—Proposals for international disarmament are to be delayed for the present in the house, under a decision understood to have been reached yesterday by republican house leaders. This is said to square with the desire of President Harding not to have the disarmament question agitated in congress in the present state of international relations.

President Harding is said to have told all inquirers that although the present administration is pledged to reduction of armament, he does not consider the present time opportune for such a movement in view of the delicate situation abroad. It is understood to have been indicated that he has in mind some steps looking toward an international conference on disarmament at the proper time.

The boat-woman of China, the head of the boat, while her husband is her subordinate.

JULY FOURTH PERMITS

American Legion to Operate July 4 Concessions on the South Common

The park commission and the Lowell post of the American Legion discussed a tentative memorandum of agreement at the regular meeting of the commission last evening, whereby the legion is to operate the Fourth of July concessions on the South common on payment to the city of \$200. No formal agreement was entered into but a tentative draft met with the approval of both parties and will be submitted to the city solicitor at once for his opinion.

The agreement was discussed with the understanding that the park com-

mission is allowing the legion to take over the concessions this year because of its need of funds for the care of sick and wounded comrades. It was brought out emphatically that the commission does not intend to establish a precedent in this respect, and that the privilege would probably be never accorded again.

It was intimated that the legion conduct the celebration on the common in accordance with the rules of the park and police departments and that it should clean up the grounds after the celebration is over. The park commission asked the legion to frame its concession contracts with individuals so that it might receive the maximum profit of the venture.

The legion was represented at the conference by Senior Vice Commander S. C. Garrity, George P. Toye, Arthur P. Moran, John F. McCardle and Frank J. Roane.

The commission elected the following playground supervisors for the coming summer: Natalie M. McQuade, Helen A. Gaultier, Mildred F. Gaultier, Mildred M. Gaultier, Helen G. Lyons, Muriel Leach, Charlotte Green, Gladys L. Hill and Arthur C. Sullivan. Further selections will be made later.

It was voted to deny the petition of Pascal Hargrove for the removal of one tree at 45 Fourth street after several arguments had been known. Their objections. The petition of Mrs. Mahel B. Bryant for the removal of one tree at 237 Branch street and that of the high school building commission for the removal of four trees at the high school property were granted.

The contract for 25 new lockers at the public bath-house on the boardwalk and for the repainting of the old lockers was awarded to J. B. Moran for \$400.

Works asking for more time on a contract awarded a month ago for a new iron fence at Monument square was laid on the table until the next meeting.

It was voted to authorize Walter J. Nelson, manager of the Merrimack Square theatre, to carry out a program of outdoor movies for the department next summer, giving three shows a week for a period of eight weeks.

WEST CHELMSFORD FIREMEN Members of the West Chelmsford fire department held an enjoyable banquet Tuesday evening in Historical hall with nearly 50 present. Elmer Trull was the toastmaster of the evening and the invited guests included Selectmen George Rigby and William Belleville and the following members of the board of control: John Monahan, Loren Ellinwood, Edward Riney, Benjamin Brown, Fred Fletcher and Fred Snow. An excellent program of entertainment was carried out.

"I'M A BURGALAR, NOT A VAG" OAKLAND, Cal., May 5.—William Gilman, arrested and charged with vagrancy, appeared before Police Judge Tyrrell for sentence.

"Judge, I'm no vagrant," said William, peevishly.

"What are you, then?" asked the judge.

"I'm a burglar," Bill declared, proudly.

"Have you staged any jobs in this city?" inquired the judge.

"Sure, lots of 'em," replied Bill.

"You see, judge, I only mentioned 'em to show that I've visible means of support."

"For the next sixty days you won't have to worry about supporting yourself," opined the judge.

"Next case."

O.S.C. met Tuesday evening in G.A.R. hall. Sister Reed, Sister Smith and Sister Needham were delegated to attend the annual convention in Springfield on May 25.

Highland Union Rebekah Lodge held an enjoyable entertainment Monday evening after the regular meeting. The entertainers included Kathleen Jennings, Miss Corey, Dolly and Marie Dewire, Miss Lillian Lalilaw and F. Marshall.

MANY ATTEND BAZAAR Fully 600 people attended the bazaar held by the Eastern Star in Colonial hall yesterday. It was the second and last day of the sale. All of the booths were given liberal patronage. In the evening there was informal dancing in place of an entertainment program that had been scheduled.

IN NORTH BILERICA A successful whist party and entertainment was held in Union hall in North Bilerica Tuesday evening for the benefit of the apron table at the coming carnival to be given by Bilerica post, 116, of the American Legion.

The affair was in charge of Mrs. Edward Quinn and Miss Lillian Buckley and a number of entertainers from Lowell helped to make the affair a success. There was a large attendance.

NATHAN HALE COUNCIL President McKenna Receives Gift From John C. O'Rourke, Former Service Man, for Relief Fund

President Peter J. McKenna of the Nathan Hale council, A. A. R. L. R., has received from John C. O'Rourke, formerly with Sullivan, the tailor, a very fine lady's scarf and belt knitted by Mr. O'Rourke himself while in Europe. He has donated this to be disposed of as a prize for the benefit of the relief fund. Mr. O'Rourke has been in ill health since his return from service in Europe and has spent some time in the sanitarium at Rutland. His friends will rejoice to know that he is much improved in health and will spend the summer in Lowell.

Improved in health and will spend the summer in Lowell.

Gave All Her Savings

Mrs. McKenna also reports that Miss Ellen Ryan, a girl of 12 years, residing at 25 Auburn street, turned over the contents of her home savings bank, containing \$25 pennies for the benefit of the Irish relief fund. This represented her savings for two years. Her gift is much appreciated by the members of the Nathan Hale council as they feel that if little Miss Ryan had the means, she would willingly give a much larger amount for the benefit of the cause.

The sultan, on the little island of Jehanna, in the Comora group, boards ships, railing there and tries to get the washing for his wives.

DON'T SQUEEZE BLACK-HEADS—DISSOLVE THEM

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store, about two cents, a tin of calomel powder—sprinkle a little on a hot, wet sponge, rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method—Adv.

KINDERGARTEN SCHOOL

Speaker Predicts System Will
Be Revolutionized—Children 2½ to Be Admitted

DETROIT, May 5.—A prediction that within 10 years kindergarten teaching in the United States will have been revolutionized and that practically all children between 2½ and 5 years will be receiving special training was made yesterday at the annual convention of the International Kindergarten Union here by Miss Elizabeth Cleveland of the Detroit board of education.

Miss Cleveland announced that the experiment is to be tried here next year. The plan is to put children between these ages in an "under kindergarten" where they will be fed and clothed properly and "scientifically raised."

If the plan is successful it will lead eventually to an establishment of a day nursery in every block in the large cities. These nurseries are to be managed by a different mother from the block each day.

"Music of play is one of the fundamental ideas of modern kindergarten teaching," Mrs. May Bridget, educational representative of the bureau of education, Washington, D. C., said in an address. Miss Frances M. Berry of Baltimore, another speaker, said jazz and fox trot music has no place in the kindergarten.

FAIL TO AGREE ON
A PRICE FOR LAND

That the failure to purchase land for additions to Edson and Westlawn cemeteries is due to inability to reach an agreement as to the price to be paid for the property was brought out in a meeting of the cemetery commissioners in city hall yesterday afternoon. During the discussion of the subject Chairman Rigby stated that conferences had been held with the owner of the land, E. A. Bartlett, and his representative, C. T. Rowland. He said that Mr. Bartlett was unwilling to accept a price for his property based on the assessed valuation plus 25 per cent. He stated, however, that Mr. Bartlett had shown a disposition to reduce somewhat the sum that he had originally asked for the land. During the discussion the chairman expressed the opinion that it would be desirable to have Swan street closed, if the land was bought, to save the expense of fencing. Chairman Rigby and Mr. Perry were authorized to continue negotiations for the purchase of the real estate.

During the meeting the chairman suggested that all of the members of the commission should make a tour of inspection of all of the city's cemeteries previous to Memorial day.

The chairman stated that the cemetery off Varnum avenue is not in good condition and that an iron fence should be built around the plot.

It was announced that 70 trees had been planted as a wind-break on one side of Edson cemetery.

BOSTON RECORD SOLD

BOSTON, May 5.—The Boston Evening Record, yesterday carried notice that the Atlantic Publishing Co. had succeeded the former owners as publishers of the paper. No details of the sale were announced. The Atlantic Publishing Co. is a new corporation which, according to papers on file at the secretary of state's office, has as president Than V. Banck, Hotel Biltmore, New York.

Polish Frontier — Apex
Reaches Gross Strehlitz

LONDON, May 5.—Polish elements in Upper Silesia have forcibly taken possession of a wedge-shaped region, the base of which is former Germano-Polish frontier and the apex of which has reached Gross Strehlitz. It is declared in advices received here. The cities of Tarnowitz, Koenigsbushette, Kattowitz, Rybnik, Jachow, Beuthen and Dabinitz are said to be in the hands of the Poles, who have

INTERSCHOLASTIC DEBATE WEDNESDAY

Lowell high school students are looking forward to the big interscholastic debate to be held between the Green-halge Debating society of the local school and the debating society of the downriver school next Wednesday evening in the Lawrence city hall. The local society will send down a strong team and the question to be discussed is: "Resolved: That all labor disputes between organizations and employers should be submitted to a federal compulsory board of arbitration." The Lawrence authorities have arranged a number of entertainment features for the occasion.

Inasmuch as the Lowell high school baseball team is to meet Lawrence high at Lawrence next Wednesday afternoon, it is expected that a large number of students of the local school will leave here at noon and make a day of it in the downriver city.

LAKEVIEW AVENUE FIRE
A fire in the floor of a soft-drink establishment at 716 Lakeview avenue annihilated a portion of the fire department at 4:21 this morning, an alarm being sounded from Box 45. A hole was burned in the floor, but otherwise little damage resulted. The cause of the fire is unknown.

Large Block in New Hands

shares of stock in the association was reduced from 200 to 50.
The Kresge Realty company is a Michigan corporation organized for the purpose of purchasing and holding locations for use by the S. S. Kresge company which now operates a five and ten-cent store in Lowell as well as 157 other stores located in the principal cities of the country.
The F. W. Woolworth company of New York has a long-term lease on a part of the ground floor of the property. There is no thought on the part of the new owner of disturbing this tenant.

The leases held on portions of the ground floor by the Walden Lunch company and Mitchell the Tailor, it is stated, are to expire in the near future. The intention of the S. S. Kresge company is to establish another of its stores in this city.

The estate has been the property of members of the Hildreth family for many years. The living members of the family are Florence Hildreth Nesmith and Bessie Hildreth. There are believed to be 20 offices in the building and many of these are occupied by lawyers.

Julius H. B. Fogg obtained an option on the property some two months ago which he today transferred to the Kresge Realty company. W. H. Ballard & Co., Inc., 45 Milk street, Boston, handles both transactions. Mr. J. Gilbert Hill of this city represented the Kresge company.

Cries of Tallen When Shot

shot was fired, but were standing apart from each other. Witness also told of seeing the Theberges running from the scene.

"Did you hear either of the Theberges brothers say anything?"

"No."
Witness said he went into Tallen's store after the shooting, and noticed that the drawer of the cash register was open. He looked within, he testified, and saw some change, but no bills.

Replying to Attorney Tierney in cross-examination, witness said he got a good look at Fortier's face and it was not at all marked in any way. Witness did not see Tallen strike Fortier, or Fortier strike Tallen.

Under cross-examination by Attorney Donahue, he declared that Tallen and Fortier were not grappling when he ran from his store after hearing a shot. The merchant, he said, was standing on the car track nearest his place of business, while Fortier was some feet away. He saw the second shot fired, he testified, and the two men were not at grips at the time.

"Was it before or after the shot that you saw two men running?"
"After," witness added, in answer to another question, that he did not hear either of these two men say anything.

Said Fortier Shot Tallen
Harry Bernstein, another Middlesex street merchant, and a cousin of the previous witness, next testified. He said Tallen was a friend of his.

He said he saw two men struggling on the car tracks when he emerged from his store the evening of January 25. He heard a "holer," he said, of "He shot me!" after the first shot was fired. Before the firing of the second shot, he testified that he heard a voice cry "Kill him!" He was positive in his identification of Fortier as the man who shot Tallen. Witness was right behind Officer Clark as he emerged from his establishment, he said. Clark had been in his store.

Cross-examined by Mr. Tierney, witness said he thought there was about a half-minute between the first and second shot. After the second shot, he declared, Tallen dropped into the street, and Officer Clark pursued Fortier.

The first thing the witness heard in connection with the shooting, he declared in answer to questioning by Mr. Donahue, was some "holing." After he came out upon the sidewalk he perceived the two men struggling, and "thought it was a fight until he heard the shots." He recognized Tallen at

Local Street Paving Work

Continued

originally was for the purpose of providing money for the erection of the new Highlands fire house, but inasmuch as the mayor could not be present, action on this matter was put over until next Tuesday.

The recommendations for street paving from the directors of the chamber of commerce, bring out the fact that the street committee of the chamber has for some time been investigating the cost of paving in various Massachusetts cities and from the information secured from Commissioner Dennis A. Murphy in conference with the board of directors, it was learned that the cost of paving with re-cut granite blocks in Lowell was approximately \$10 per square yard.

Continuing the recommendations say that Walter E. Hassam, formerly manager of the Worcester Engineering Co. and a street contractor of national reputation, was secured to come to Lowell to examine the specifications furnished by the engineering department of the city for granite block pavement.

After an exhaustive survey, Mr. Hassam told the committee, the recommendations say, that he would be glad to take a contract to re-pave Chelmsford street, or any similar street, under the specifications of the engineering department, and even with a richer mixture than called for in such specifications, for \$175 per square yard.

Mr. Hassam stated he would employ Lowell labor entirely with the exception of his foreman.

In view of this investigation, the board of directors today presented the resolve to the municipal council, that that portion of Chelmsford street included in the paving program for 1921 be paved with re-cut granite blocks to be taken from the present street and re-cut on the job, and that the work be done by contract.

That other streets, now paved with granite blocks, which are to be repaved this year, the work be done by contract and the same method be used as on Chelmsford street.

That Thorndike street be paved with re-cut granite blocks, using those now in the city yard as far as they will go, that the work, including the re-cutting, be done by contract.

That the contractor be required, so far as possible, to use Lowell labor.

The only other item of business to come before the meeting of the council was a petition for a sidewalk of cinders and pebbles to be laid in Melvin street. Referred to Commissioner Murphy.

Adjourned at 10:20 o'clock until Tuesday next at 10 a. m.

short skirts, rolled down or half-hose, stockings worn below the knees, silk stockings, French-heeled, expensive waists and undergarments, expensive clothing in general and other spectacular garments.

A judicial board composed of nine girls, one from each of the five sororities and one from each class, enforced the regulations. Meetings are held weekly and the penalties for violations are reported and the penalties fixed.

After four violations of the rules, a student is suspended from school.

Wall Street May Link Movies In International Combine

CONSTANCE TALMADGE, SHE'S TAKING A REST, HAVING FINISHED THREE PICTURES, "LIONS IN LOVE," "WOMAN'S PLACE" AND "WEDDING BELLS."

DOROTHY DALTON, SHE CO-STARS WITH MILDRED HARRIS, CONRAD NAGEL AND THEODORE KOSLOFF IN CECIL DE-MILLE'S NEXT PRODUCTION.

Wall street firms have underwritten movies to the extent of \$10,000,000. Movie executives are receiving notices from financiers when fortunes were being amassed on public utilities and "near babies."

The good old days vanished when the government took control of railroads and interstate utilities. Wall street sought another industry not in immediate danger of federal supervision. That youth of industry was the making and exhibiting of films.

Wall Street likes to gamble—but not on the losing end. A picture after it is made represents no tangible asset. In the past two years half a dozen spectacles that cost a million were dead losses.

Big business said "Show me!" So producers began to buy theatres in which their pictures are shown. The largest film concern in the business became interested in 150 theatres.

Then the owners of little theatres howled. They feared a freeze-out by a film combine. They threatened a boycott against companies entering

the exhibition field. Exhibitors organized and entered the producing field.

One of the producing companies has made overtures for a combine with the German movie trust. The company would thus gain control over several thousand photoplay theatres in Europe.

A competing concern now has agents in the far east investigating the wisdom of erecting 1000 movie theatres in China. Natives of China and India have become rabid film fans.

The great Opera House of Paris will show American made films this summer.

Dupont and Morgan interests are competing in the film industry. The race for world supremacy is on.

Star Stuff

Cecil DeMille is demonstrating again that the star's star is waning. He used ten of them in "The Affairs of Anatol." Other producers are using from two to six stars in one production. DeMille will have in the cast of

his next picture Dorothy Dalton, Mildred Harris, Conrad Nagel and Theodore Kosloff.

The play is based on Leonard Merrick's story, "Laurels and the Lady." No working title has been selected but De Mille may retain the original title as he did in the Anatol picture.

Helen Keller "Sees" Film

Helen Keller, the noted blind and deaf woman, has written to Charlie Chaplin to tell him she enjoyed "The Kid."

She "saw" the film in New Orleans. Her mother sat on one side of her. Mrs. Annie Sullivan Macy sat on the other. Mrs. Macy touched Miss Keller's hand with her finger tips. The photoplay started.

The swift tattoo of Mrs. Macy's fingers depicted the screen action to Miss Keller. She laughed unreservedly.

Arrives in "Disraeli"

George Arliss is to make three pictures for the United Artists. The first one is "Disraeli," his great stage success. "The Devil," first venture of Arliss in films, is now being exhibited.

At the Studio Keyhole

Sunday movies have been banned in Cedar Rapids, Iowa.

Alice Brady has bought a town home in New York for \$110,000.

Gouverneur Morris is writing a Chi-

nese fantasy for the screen.

Bert Lytell has completed "The Man Who..."

"The Fall Guy," Larry Semon's next comedy.

If you watch the movies one hour you see 57,600 separate pictures.

Louise Glaum is planning a vacation in Mexico.

"Beach of Dreams," starring Edith Storey and Noah Beery, will soon be released.

Luperc Hughes has written "From the Ground Up" for Tom Moore's next.

Henny Porter, heroine of "Deception," started on the stage at the age of four in a solo dance.

Cullen Landis built his own auto. It makes 52 miles an hour—when the cops aren't looking.

The Balzac story which Rex Ingram will film is "The Conquering Power."

Poles Capture Seven Cities

Continued

reached the Oder river and are marching toward the northwest in the direction of Oppeln.

Despatches from Silesia, assert the Poles, angered by reports that the inter-allied plebiscite commission had recommended the awarding of only the regions of Pless and Hybnik, in southeastern Silesia, in Poland, have declared their intention to seize the

whole region, over the possession of which a bitter political struggle has been waged and the future status of which was to have been determined by the plebiscite held recently.

The Daily Mail said today it had learned that Premier Briand of France had asked Prince Sapieha, Polish foreign minister, who arrived here on Monday, to transmit a request to the Polish government to take immediate steps to end the disorders.

So far as is known, Polish military forces are not engaged in the reported disorders in Silesia, but despatches indicate that elements which have crossed the Silesian frontier were

well organized and were armed with rifles and machine guns.

Frontier Closed

WARSAW, May 5.—On account of conditions in Upper Silesia, the frontier with that district has been closed on the Polish side.

The Warsaw newspapers declare that the Polish government was taken completely by surprise by the uprisings and that it is making efforts to restore calm. An immediate report was sent to the allies upon the government learning of the conditions.

"Pussyfoot" Johnson, the dry leader, got his nickname from a reporter on an Oklahoma newspaper.

An ancient church, dating from the 16th century, has been discovered beneath the foundations of the Rihelms cathedral.

Some heretofore unknown fish have been taken recently from the waters of southern California.

Keeping the Paper in the Family and Proving That Printer's Ink Is "Sticky"

MISS SARAH GRIST, PROOFREADER AND EDITOR OF THE WOMAN'S PAGE ON YORKVILLE ENQUIRER, WHICH HER GREAT-GRANDFATHER STARTED, AND PAPER'S PLANT.

YORK, S. C., May 5.—When printer's ink gets on the fingers it sticks. And when it gets into the blood, the family sticks to the newspaper business.

The Grist family of this town is just one more example of it. Six members get out the Yorkville Enquirer, a semi-weekly newspaper. Children of the fourth generation still follow in the footsteps of their great-grandfather, John E. Grist, who entered the publishing business when the state was young.

"It's the call of the blood," says James D. Grist, reporter. The first Grist came to what then was Yorkville, in 1838, and took a job on the Unionist Patriot. It lived two years. Then he started the Journal of the Times. Two years later he started the Compiler.

In 1851 Lewis Mason Grist, his son, who had learned to set type at the age of nine, took over the paper and changed the name to the Enquirer. Long before Lewis Mason Grist died in 1903 his sons, Wood Davidson Grist and Albert M. Grist, had taken an active interest in the paper. His will stated that if they would share his \$75,000 estate they must engage in no other occupation.

James D. Grist, son of W. D. Grist, ran away from home when a lad but the call of the ink came and he returned to York. He now is a reporter on the Enquirer.

When Miss Sarah Grist graduated from Winthrop Normal and Industrial college, three years ago, she was offered a position as an instructor in English. Instead she returned to the Enquirer as proofreader and editor of the woman's page.

Two years ago Miss Margaret Grist,

daughter of Albert, entered the office as a linotype operator.

When Lewis, another son of W. D. returned from war, a Norfolk paper offered him a place.

"I'd rather go back to the Enquirer than have the biggest job on the biggest paper in the country," he replied. And he's back.

ELECTRIC LIGHT CO. MUST CUT RATES

CONCORD, N. H., May 5.—The state public service commission yesterday ordered the Plymouth Electric Lighting Co. to reduce its rates for lighting service to 15 cents a kilowatt hour, with a minimum charge of \$1.50 a month. The company had itself recently cut its rate to 30 cents an hour with a minimum charge of \$2.

CAVE PLEASING RECITAL

Pupils of Mrs. Mark Pease, assisted by Miss Anna Cohen and Mark M. Pease, violinists, gave a pleasing recital at the Pease studio in Gates street yesterday afternoon. Piano solos were given by Melba Hanscom, Ruth Walker, Adeline Clifford, James Geary, Myrtle Walker, Leonard Schumann, Miss Smith, Gertrude Egan, Pearl Welsberg, Kittie Egan, Vannie de Arezzo, Ethel Donohue, Muriel Pattee, Irene Adams, Samuel Robinson, Charlotte Chase, Helen Norris, Jessie Walker, Mary Geary and Sarah Bernstein. Violin solos were given by Miss Cohen and Mr. Pease. One of the most pleasing numbers was a trio by Mary Geary, Mrs. Pease and Mr. Pease.

Bimal, the small West Indian island off the Florida coast, was thought by the early Spaniards to contain ethereal fountain of youth.

TERRIBLE ECZEMA FOR 10 YEARS

No Trace Of The Disease Since Taking "Fruit-a-lives"

DOVER, NEW HAMPSHIRE. "In 1906, I began to be troubled with Eczema. My arms and legs were bandaged most of the time; and sometimes, I could squeeze the pus out of my hands, they were so bad. About 3 months ago, I chanced to read an ad. of 'Fruit-a-lives' and 'Sootha-Salva', in which was told of a person cured of Weeping Eczema by these remedies.

After using two boxes of 'Fruit-a-lives' and one box of 'Sootha-Salva', I am entirely free of Eczema."

PRINCESS ANASTASIA TO UNDERGO OPERATION

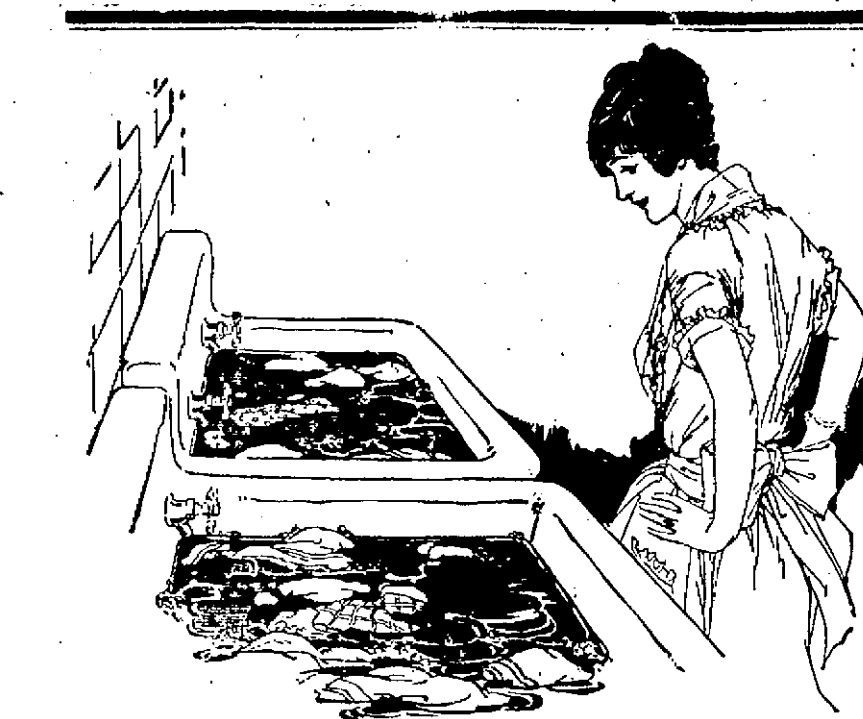

ATHENS, May 4.—(By the Associated Press)—The Princess Anastasia, formerly Mrs. William B. Leeds of New York, her husband, Prince Christopher, William B. Leeds, Jr., the Grand Duchess Marie and her two daughters, one of whom, the Princess Xenia, is engaged to marry young Leeds, left for Brindisi today on a private yacht. Princess Anastasia intends to go to the American hospital in Paris for a second operation. She was carried to the yacht by the American nurses, who will accompany her to Paris. King Constantine and the other members of the royal family were at the pier to say farewell.

Before leaving Athens, Princess Anastasia gave 50,000 drachmas for the aid of Greek soldiers wounded in the fighting against the Turks in Asia Minor. She said she regretted to leave Greece when the country was at war, but declared she would return when she had recovered, to help care for the wounded. She added that she would never forget the kindness and sympathy of the Greek people, especially during her illness.

POISON GAS MAY WIPE OUT GREAT CITIES

By HERBERT QUICK
If there is another great war poison gas will be used in quantities which will draft into insignificance the use of it in the last war. A very small percentage of the army in France belonged to the chemical warfare service; but if the Germans' experience was like ours, at least 35 per cent of their casualties were caused by gas. This in itself shows the efficiency of gas. In the next, with larger gas forces, and greater supplies of deadly gases and incendiary materials, from 50 to 75 per cent of the casualties will come from gas. And unless the foe of the nation using gas is prepared with masks and other protective devices, it will be wiped out in toto.

But the casualties caused by gas is not the measure of its effectiveness. Gas in warfare is power; and it robs the foe of power. It enfeebles the opposing army to the extent of at least 75 per cent, even though it causes no deaths and no casualties. "Gas" used properly and in quantities easily obtainable in future wars will make the wearing of the mask a continuous affair for all troops within two or five

As remarkable for the family washing as Lux is for silks, wools and all fine laundering

The big, heavy things—soaked clean with this new product

If your whole week's washing consisted of handkerchiefs and tea napkins, Monday would never have become the day of drudgery that it is. It's the big, bulky, hard-to-handle things that have made washing such a dreaded task.

There are the sheets. The bedspreads that never show how gray and dingy they are till you actually get them in the tubs. And the bath towels and bath mats soiled from lying on the bathroom floor. These are the things that make you hate washday.

The new way of washing makes these heavy things almost as easy to launder as the handkerchiefs.

You just soak them clean with Rinso—the new form of soap in fine granules.

Rinso is made of finer quality ingredients than ever were used before in a soap for

the family washing. In these pure, mild suds your clothes soak as safely as in water alone. For Rinso is so harmless it does not even redden your hands.

Soak your clothes overnight in a tub of Rinso suds. In the morning a thorough rinsing carries off all the dirt, leaving the clothes spotlessly clean.

Rinso softens hard water. Where hard water is used make an increased amount of the "soap liquid" according to directions on the package, and continue adding it to your tub of cold water until you have a good rich suds.

Start using Rinso next Monday. Use it for all your clothes except the dainty things you always wash with Lux. Get a package from your grocer or any department store. Lever Bros. Co., Cambridge, Mass.

Rinso

Made by the makers of Lux
—for the family washing

miles of the front line, and in certain places for many miles beyond." So says General Friesl and any ex-soldier will tell you to what extent this being hampered and enfeebled by the masks reduced the bodily and mental tone and the effectiveness of an army.

But not only will gas be used in greater quantities than before, and in deadlier forms; but it will be used in different ways. In France it was mostly put over by some form of projector or artillery. Now the armies of the world are ready to distribute it from aircraft.

In the absence of efficient defense worked out before hand, our great cities might be wiped out with gas dropped from aircraft. This means not only our coast cities like Boston, New York, Philadelphia, Baltimore, Washington, New Orleans, Tacoma, Seattle, San Francisco and Los Angeles, but interior cities like Detroit, Cincinnati, Chicago and Omaha.

In such a case the nation would meet this alternative: "Surrender, or we will wipe out your cities." The imagination cannot depict what might follow. Preparation will prevent such a crisis.

Just before the close of the last war the Germans discovered a gas called diphenylchlorarsine, or sneezing gas. It is twice as deadly as phosgene. It is called a gas, but it is really a smoke or dust which went through the masks as readily as birdshot through a stone pile.

The Germans had not yet worked out successfully the mechanical means of putting it over. We had not yet worked out the mask for it. They worked feverishly on the plan of putting it over, and we worked night and day on the mask.

Finally the Correll mask, one of the great achievements of the war, was invented by an American doctor. We had won the race. This is probably one of the strong reasons why the Germans quit when they did.

Gas is a weapon which will not only be used in war, but in this state which we call peace. Mobs can be controlled with the tear gases. I have often felt my blood boil at stories of mobs taking men from the custody of officers and murdering them, brutally or innocent. I have often felt that if there were some way in which the law officers could quell them without killing the murderous fools it would be a boon to the world.

It will be done with lachrymatory gases. A bomb has been invented which a sheriff or policeman could throw into a mob, and which would explode without splintering or wounding anyone, but which would quell the mob instantly. A few of these grenades would make the mob harmless.

John Wilkes Booth after he assassinated Lincoln escaped and concealed himself in a barn. Here he defended himself until the barn was set on fire and he was shot. Gas in such cases could be used to render the criminal helpless and save lives. Gas could be used in flood strong rooms where safes are kept to paralyze burglars.

In riots and such warfare as we have had in Mexico, for instance, the snipers hide out and kill off the soldiers. They did this in Vera Cruz a few years ago. Most of our casualties were in snipers' hands. Gas puts the sniper in the power of his enemy.

One of the old stories of Davy

GERMAN CABINET QUILTS

Forced to Resign—Crisis Follows American Rejection of Terms

BERLIN, May 5.—The German cabinet has resigned.

Chancellor Fehrenbach and his ministers recently declared they did not plan to retire at a moment when Germany was facing grave complications over the entire prospective ultimatum and while Upper Silesia again was the scene of serious disturbances.

Some members of the ministry, nevertheless, are known to have offered their resignations, but the Silesian committee has declined them.

Crockett was that he bent his gun between two trees and shot in a circle around a hill and killed a deer. But gas goes in a circle or in any other way, so use another table, it gets them where they ain't as easily as where they are.

Our warfare against insect pests, rats, mice and other vermin, is mostly chemical warfare. To expect it to be abandoned in human warfare is to trust blindly and be betrayed. To be betrayed by such trust is fatal immobility.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Frezzone" on an aching corn. Instantly you lift it right off with your fingers. Truly!

Your druggist sells a tiny bottle of "Frezzone" for a few cents. Sufficient to remove every hard corn, soft corn or corn between the toes, and the calluses without soreness or irritation.—Adv.

dict resulted in a temporary postponement of the crisis.

The majority socialists are not anxious for participation in the new cabinet.

It is believed the task of constructing the new government will again devolve upon the present coalition bloc, comprising clericals, the German people's party, democrats and Bavarian people's party.

Virtually the entire cabinet attended today's session of the committee on foreign relations, at which the Silesian situation was discussed by Dr. Simons.

The reichstag yesterday adopted a bill, providing for the trial of the "war criminals" named in the entente's lists, even where the evidence has been insufficient to justify prosecution, or where the innocence of the accused has been established. The object is to place the vindication of the accused on the public records.

The reichstag also agreed to a motion in favor of rejecting the reparations commission's demand for the reichsbank's gold reserve.

LONDON, May 5.—A telephone message received from Paris gives a Berlin dispatch saying that in view of the situation that arose in consequence of the reply of Sec. of State Hughes to Germany's counter-proposals on reparations the German government unanimously decided to resign.

Chancellor Fehrenbach informed President Ebert of the cabinet's decision, whereupon the president requested the ministry to continue to deal with current affairs, which it consented to do.

BERLIN, May 5.—(By Associated Press)—Commenting on the note of Sec. Hughes declining to transmit the German reparations offer to the allies, the Frankfurt Gazette today says:

"The failure of our appeal to President Harding, which was prompted by a false appraisal of political conditions and was insufficiently prepared, means the irreparable loss of time and the

serious weakening of our position. Sec. Hughes' answer is more than a mere refusal; it is tantamount to a repudiation."

This German liberal organ, however, believes the Washington government will endeavor to exert a moderating influence upon the allies.

The Vossische Zeitung says the role played by the United States in European affairs during the past several weeks cannot be misinterpreted, as it shows that she was observing an attitude of reserve toward Germany.

STABBED TO DEATH AFTER QUARREL

MANSFIELD, May 5.—In the sight of many witnesses yesterday Benny Tartaglia, 37, of 581 North Main street, was stabbed to death after a brief altercation with another man in front of the Washington shot cobbler shop, 443 North Main street.

A man who is alleged to have killed Tartaglia was arrested in the freight yards about an hour later by Officer Salvatore Fiore. At the station house he gave the name of Nick Avalloni, living on North Main street.

It is claimed that Avalloni struck Tartaglia in the abdomen with a still-etto, threw the bloody weapon into the cobbler shop and ran. No motive for the crime has been ascertained by the police. The two men, according to the story of eye witnesses, quarreled violently when they met, but no one heard what they said.

Medical Examiner P. S. Griffin of Hingham was called, but Tartaglia had died within a few minutes of receiving his wound. Chief of Police Thomas H. Nelson has sent for State Officer Mansfield of Taunton to assist in investigating the motive for the crime.

Tartaglia was married and had four children. It is said by the police that he and his wife separated some time ago. Avalloni is thought to be unmarried.

THE MAN WHO GAMBLES WITH HIS HEALTH—Is the Worst Kind of Gambler

The end of the money gambler may be financial ruin—the end of the health gambler may be death and financial suicide as well.

Money gambling is recognized as such a serious menace to the welfare of human beings that it is prohibited by the most severe laws, yet THE MAN WHO GAMBLES WITH HIS HEALTH COMMITS A FAR GREATER CRIME AGAINST HIMSELF THAN THE MAN WHO GAMBLES WITH HIS MONEY.

When you go on from day to day in a weak, nervous, run-down condition YOU ARE GAMBLING just as much as the man who sits at the gaming table and loses his money on the shake of the dice box, only he is gambling with his MONEY and you are gambling with your HEALTH, YOUR FUTURE and perhaps even YOUR LIFE.

Your vitality and powers of resistance are below par and you are in a condition to become an EASY PREY to almost any of the THOUSANDS OF DISEASE GERMS that inhabit the minute particles of dust that you inhale; that float in the very air you breathe, that may already be lying dormant in your body waiting and watching for you to become weak enough for them to attack, just LIKE A HUNGRY WILD BEAST STALKS ITS PREY.

You would not stake the health of your children nor the life of your wife on a guess of the color of a card, nor the ownership of your home on a turn of the wheel of fortune, but you put your health and perhaps your all in the dice box of chance—you stake it a few times saying, "I am weak," "I'm run-down," "I'm nervous," "I don't sleep well at night," "I get all tired-out at the end of the day, but I hope I'll get all right soon"—yes you hope—but out come the dice perhaps all "loaded" against you—you were "framed up" before you took the box—you don't get all right, on the contrary you go on from day to day getting weaker and weaker. A simple remedy like Nuxated Iron might have saved you and put you right if you had taken it in time; taken it before you had any real organic disease; taken it when you only needed something to build you up and put more rich, red blood into your veins; but now it is too late for Nuxated Iron, perhaps too late for your doctor too—you gambled and lost as thousands do.

Any doctor will tell you, that the surest way to keep yourself from contracting almost any disease, from an ordinary cold, or tonsillitis to pneumonia, rheumatism, tuberculosis, or even cancer is to keep plenty of pure, rich, red blood in your veins and take care that you have the physical strength and endurance to develop within you those mysterious powerful "anti-bodies" that nature

made to fight the millions of deadly disease germs that would take your life. When, as a result of iron starvation, you get up feeling tired in the morning when you do not obtain perfectly satisfactory results; when you feel nervous, irritable and easily upset; when you can no longer do your day's work without being all fagged out at night; or have pains across the back and your face

looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease, but take organic NUXATED IRON at once to help enrich your blood and revitalize your worn-out, exhausted nerves.

In addition to organic iron, Nuxated Iron also contains a remarkable product, brought to the attention of the French Academy of Medicine by the celebrated Dr. Robin, which represents the principal chemical constituent of active living nerve force, FOR FEEDING THE NERVES, so that NUXATED IRON might be said to be both a BLOOD and a NERVE FOOD.

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two American tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Thousands of nervous, run-down men and women, who are weak and ailing all the while, have surprisingly increased their strength and endurance in two weeks time in many instances by this simple experiment.

Over 4,000,000 people annually are using NUXATED IRON. It will not injure the teeth nor disturb the stomach. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. Beware of substitutes. Always insist on having genuine organic iron—NUXATED IRON. Look for the letters N. I. on every tablet. At all druggists.

NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY

NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY

DISAGREE ON BOND THIEF

Jury Unable to Reach Verdict
In Case of Boy Who Stole

\$772,000

CHICAGO, May 4.—The jury in the case of William Dalton, 16 year old bank clerk, who stole \$772,000 worth of Liberty bonds from the Northern Trust Co., recently, disagreed and was discharged today after it had deliberated nearly 24 hours. About half of the jurors were understood to have been in favor of acquitting the self-confessed bond thief.

500 LYNN SHOE WORKERS STRIKE

LYNN, May 4.—Five hundred employees of the Gregory & Reed Shoe Co., of this city, were idle today as the result of a strike called by the local union of the United Shoe Workers of America. Protest against a charge imposed upon an employee for damaged shoes was said to be the cause of the strike.

BIG TROUBLE

Che Mah, smallest man in the world, has regular man-sized troubles. He's suing his five-foot wife for divorce. He's 28 inches high, weighs 40 pounds and is 53 years old. They live in Kina, Ind.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Dowd, Druggists, and Fred Howard have been appointed agent for Allen's in this vicinity with the understanding that they will freely return the purchase money on the first two bottles to all who state they received no benefit. Adv.

ENJOY YOUR MEALS AND EAT WHAT YOU LIKE

How often you meet people who are continually worrying about what they can eat, and what they cannot eat. Thousands suffer so much from stomach troubles that they have to abstain from eating almost everything they like. To all who are thus afflicted, we would urgently recommend them to try nature's remedy, SEVEN BARKS. It will promptly set the stomach to rights, promote healthy action of the organs of digestion, and enable you to eat your favorite dish without unpleasant after effects. Indigestion, trouble with the kidneys or liver, make you very despondent and you often feel that life is not worth living, and you often feel that you would be willing to go without riches, if you could only be well again. The small sum of 60 cents invested in a bottle of SEVEN BARKS and take from 10 to 20 drops in a little water after meals, should put you on the road to recovery and good health.

SEVEN BARKS is not a cure-all, but it has been a very reliable stomach, liver and kidney remedy for nearly 50 years; it is made from the extracts of different kinds of roots and herbs, scientifically blended.

Leading druggists sell SEVEN BARKS, don't fail to give it a trial. Adv.

THAT UNEASY FEELING

That dull depression, that dragged-out spiritless condition—it's biliousness.

Why be out of sorts with yourself and everybody else when one dose of Schenck's Mandrake Pills will do wonders for you.

INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so loosens the tender, sensitive skin underlying the toe nail, that it cannot penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. Adv.

JUDGE REDUCES \$1662

VERDICT TO 15 CENTS

PITTSBURGH, May 4.—It became known this morning that Judge F. W. Fosdick, sitting in the superior court last night just before the close of the session in this city, reduced a verdict of \$1662.97 to 15 cents in the case of Josiah B. Stebbins of North Adams against the Hoosac Valley Savings bank of the same city. The judge ordered a verdict of 15 cents for the defendant, 12 cents being for the past interest, and three cents for the plaintiff. He held that under the pleadings the value of the book could be recovered, but not the money entered. Stebbins originally was one of three endorsers on the note held by the bank. His bank book showing deposits with interest of \$1662.97, being given as security. Some time ago he refused to continue as an endorser and the bank accepted renewal of the note without the name of Stebbins as endorser. Stebbins sued for the return of the bank book which had been deposited as collateral.

20,000 POLES OCCUPY UPPER SILESIA

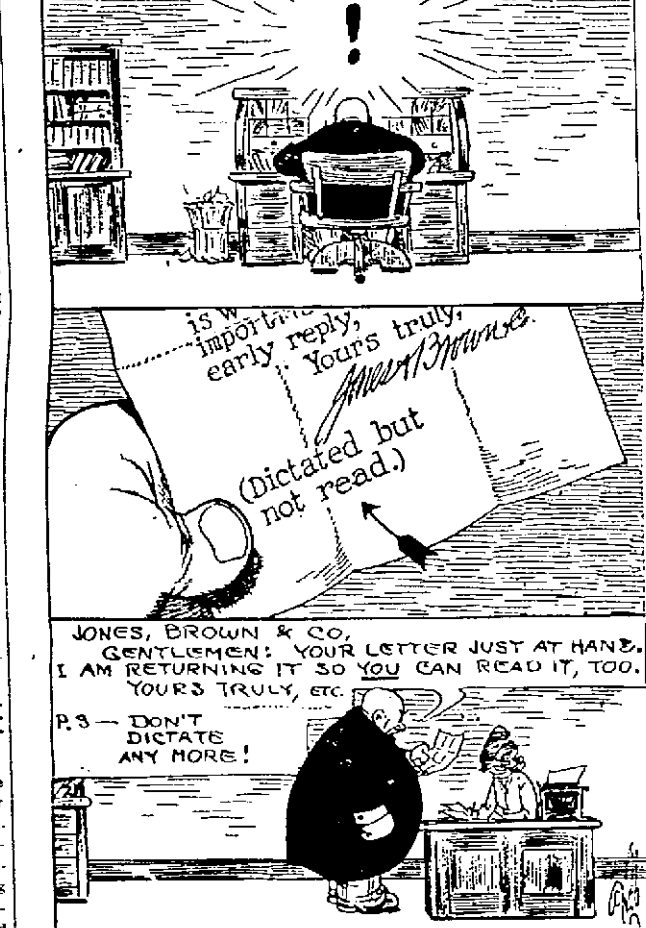

OPPEIN, Upper Silesia, May 4.—(By the Associated Press)—Organized Polish forces, estimated at 20,000, have occupied all of Upper Silesia, south of a line running from Kosi to Tarnow, with the exception of a few large towns, and are moving further northward, according to information supplied by a member of the inter-allied commission here.

Today, according to this source, the Poles are marching into Gross Strehlitz, north of the line mentioned. In a well-ordered manner, using motor lorries and supplied with rifles, machine guns and dynamite.

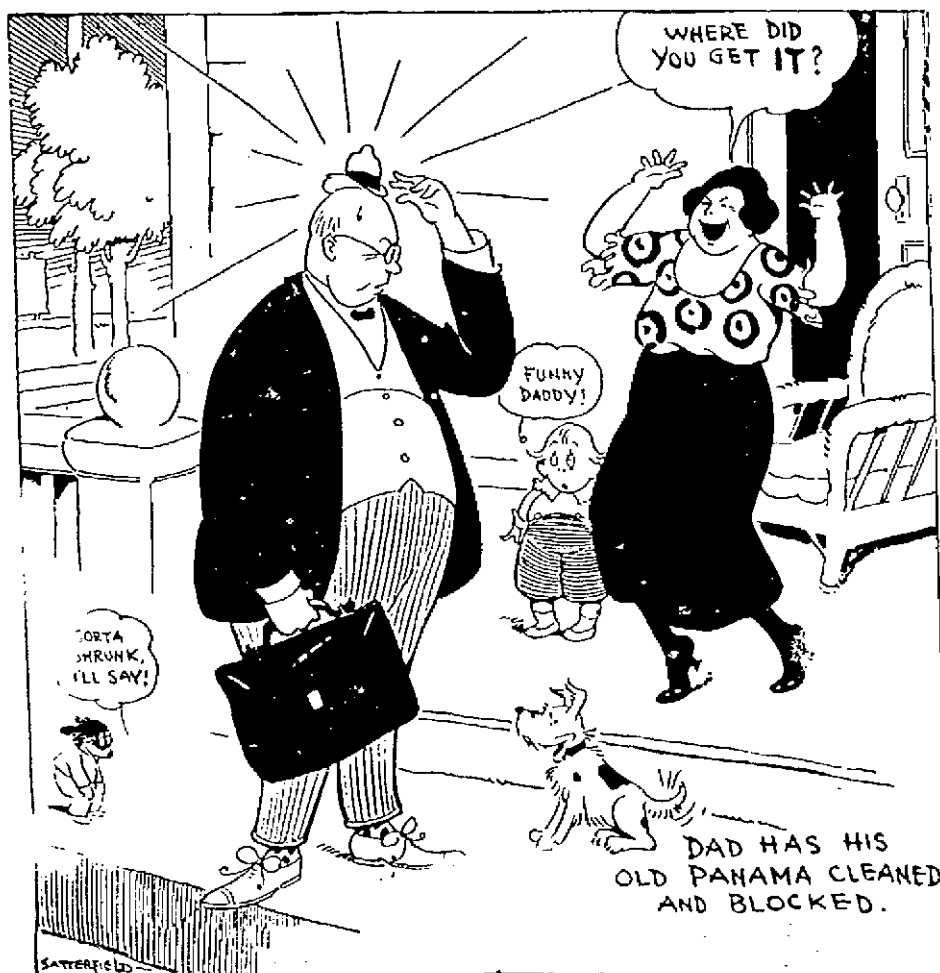

Italian troops at Rybnik, well south in the plebiscite area, comprising a regiment of infantry and two machine gun companies, are surrounded by 2000 Poles, and a pitched battle has been going on for several hours. The Italian known dead are three officers, one of them of high rank, and 12 privates.

Benjamin Franklin is said to have introduced the game of poker in Paris.

BY CONDO

ABOUT THIS TIME O' YEAR

American Express Co. To Cut Wages

NEW YORK, May 4.—The American Railway Express Co., announced today it had notified its 80,000 employees that it contemplated a revision in wages, effective June 1.

The company also announced a contemplated revision of rules governing hours of service and working conditions, effective on July 1. "The company is arranging a conference with representatives of the employees in the hope of arriving at an agreement mutually satisfactory. Failing to agree, the matter will be referred to the United States railroad board."

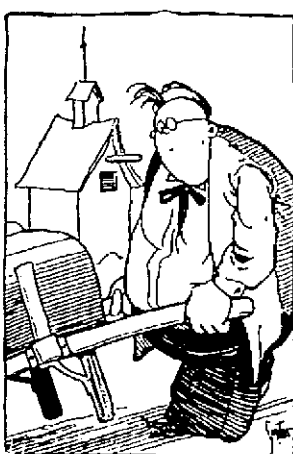

Shoe Workers Strike in Haverhill

HAVERHILL, May 4.—The Shoeworkers' Protective union today called a strike of 350 employees in 11 counter factories in this city because of the delay by the manufacturers in renewing price lists which expired May 1. A wage proposition submitted by the employers called for minor reductions, representatives of the manufacturers state. The union demands the same scale that prevailed last year.

O'Daly Case Submitted to Grand Jury

BOSTON, May 4.—The case of Thomas J. O'Daly, who is charged with the larceny of \$40,000 of city funds while cashier in the treasurer's office, was submitted to the Suffolk county grand jury today. The city treasurer, city auditor and accountants who have been at work on the books were among the witnesses heard.

SETH TANNER

Most complaint about under-production on the workmen's man comes from country boys shoe pitchin' an' city gold players. Find a place where you like th' climate an' they ain't no business gain' on there.

JUDGE LANDIS DENIES HE HAS QUIT BENCH

CHICAGO, May 4.—Judge Kenesaw M. Landis, in a formal statement today denied reports that he had resigned from the federal bench to devote his time to his position as baseball commissioner.

"I have not resigned, nor have I said anything that could have been construed into a statement that I have resigned," the statement said.

The action Monday of the senate judiciary committee in introducing Senator Dill's bill, making it an offense for a federal judge to accept another position of pecuniary profit, while on the bench, had again aroused rumors that the judge was to relinquish his federal position.

Judge Landis refused today to say, however, whether he was thinking of resigning at some future date. To a direct question, he made the same reply he always has made during the past few months whenever the possibility of his resigning came up.

"I cannot discuss that," he said.

Judge Landis said the present rumor about his resignation probably had arisen through conversations he had with Charles Nagel, custodian of the federal building.

"I told Nagel that when I left this court I wished to take some of the chairs with me, as they were cherished by me. They belong to the government and I asked him if I could purchase them."

Judge Landis would not say why he had refused recently to set any cases beyond June 15, a fact which caused reports that he would resign in June.

OPPOSES WAGE CUT FOR UNSKILLED R. R. MEN

CHICAGO, May 4.—Wages of unskilled railroad employees should be adjusted and not downward if the cost of living and the rates of pay in other industries are to be used as a basis in deciding the railway workers' pay. W. Jett Lauck, consulting economist for the unions, told the railroad labor board today.

Mr. Lauck declared that the figures presented by the railroads, showing certain decreases in living costs and indicating the wages for unskilled labor in most industries were lower than the pay given railroad workers, were deceiving.

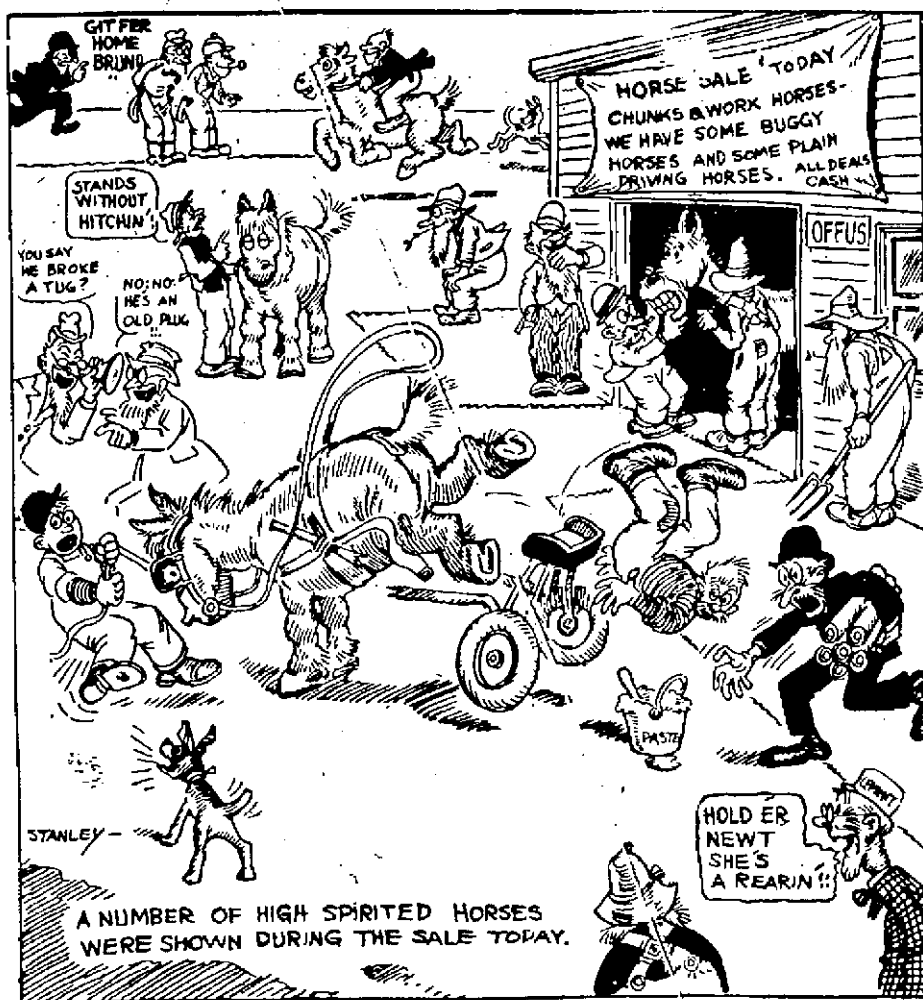

He presented a table of wages for unskilled coal mine workers, building trades laborers, steel labor, longshoremen, municipal employees, navy yard men, arsenal employees and marine workers.

DELAY ACTION ON WORLD'S FAIR

BOSTON, May 4.—A proposal to hold a world's fair here in 1925, in commemoration of the 150th anniversary, has been postponed after legislative consideration last year. The house ways and means committee voted to take no action on the report of the special commission which urged the project, but recommended appointment of a new commission to study the plan.

Adventures of The Twins

"THE BEAR'S BREAKFAST"

BUTTER-BALL, LOOKED AT BILLY-BUNCH AND BILLY-BUNCH LOOKED AT BUTTER-BALL

Mr. and Mrs. Brown Bear went up-pety-lap along out in the woods hunting for their breakfast. Following them were their twin sons, Butter-Ball Brown-Bear and Billy-Bunch Brown-Bear, hungry as huns.

"What'll you have?" Mr. Bear asked Mrs. Bear.

Mrs. Bear replied that as she always woke up with a headache, there was nothing that did her half so much good as honey.

"Then honey it is," said old Bruin's husband. "Reys," turning to his sons, "hurry up and help us find some wild honey in one of the trees. Your mother has a notion that she'd like some."

"But I've a notion, too," protested Butter-Ball. "I've a notion that in about another minute I'll be starved to death, and I know where Greenie Grasshopper and all his relatives are hiding. Couldn't I have just a weeny bite before I hunt for the honey?"

"Son!" said Mr. Bear sternly, "mind your manners! Ladies first, especially mothers."

Butter-Ball had nothing further to say, so he tucked his tail between his legs—no, he hadn't any tail to tuck—and slunk along sulky as sour cream. Billy-Bunch had wanted grasshoppers, so he tucked in his tail—no, he hadn't any tail to tuck in either—and he slunk alongside, sour as butter-milk.

Trety soon old Bruin Brown-Bear called back, "Hi, there, kids! I see a great lot of honey trickling out of that big button-ball tree. You fellows shinnny up and get a big hamful apiece and fetch it down. Mama's head is hurting so bad she can't wait. I'll keep watch and if I see any bees a-comin', I'll call up to you."

Butter-Ball looked at Billy-Bunch and Billy-Bunch looked at Butter-Ball. The same idea occurred to both.

(To be continued)

Little Richard Makes Splash in Movies

RICHARD HEADRICK, HE'S THREE AND A HALF AND A SWIMMING CHAMP! THAT'S WHY HE WAS PREVED WHEN "RESCUED" FROM A DROWNING SCENE.

BY JAMES W. DEAN
Predilex in the movies are more or less commonplace. Right now Jackie Coogan holds the spotlight.

Katherine and Jane Lee made a hit in the movies. At present they are appearing in vaudeville in Canada, having completed a tour of the United States.

John Carpenter gained fame as the child double for Mary Pickford.

John Henry, Jr., was signed by Sennett when he was hardly big enough to hold a pen.

And there's Richard Headrick, who's three and a half.

Richard is the child in "The Child Thou Gavest Me," which John M. Stahl has just completed.

Richard is possessed of noise, personality—and temperament.

The temperament cropped out in the filming of the picture. The boy was floundering in a lake, supposed to be drowning.

A "Good Samaritan" happened along. He saw the boy peeted off his coat and jumped in after him.

Richard was so mad that he wouldn't act the rest of the day. That was because he's the boy swimming champ and star of water events at Santa Monica pier.

Voice in "Harem Street"

Griffith is experimenting with the "talking movie" invented by O. E. Kellum or San Francisco. A special film of "Dream Street" was made so that the action could be synchronized with the talking machine. The talking production is being exhibited at the Town hall, New York. Griffith says the invention is a success and that it will be applied to other pictures.

Costumes completed, Louis Fairbanks is starting on "The Three Musketeers." Fifteen are in the cast. Fred Nibbs will direct.

Rox Ingram has begun plans for a film more spectacular than his "Four Horsemen of the Apocalypse." It will be based on a Balzac story.

Mare DeBonnot and Reginald Denry share honors for the leading male role in "Footlights" which Elsie Ferguson has just completed.

Studio Close-Ups

H. C. Witwer is to write comedies for the screen.

Corinne Griffith has started work on "The Payment."

Virginia Valli is playing opposite Bert Lytell in "A Trip to Paradise."

Elmo Lincoln has started a new serial based on the "Tarzan" stories.

Tom Meighan has made four round trips from coast to coast the past year.

Jerome Patrick is describing the screen for the stage. Pauline Frederick is thinking about it.

Pola Negri, star of "Passion" and "Gypsy Blood," is now on a violin concert tour of Europe.

Alfred Brady was slightly bruised while driving a truck for a movie thriller.

Past Rumor! Chicago butter and egg broker is trying to win Natalie Lindbergh from Buster Keaton!

Movie exhibitors are renewing their campaign for a two-cent price to aid in making change at the box office.

"Just Outside of Hell." That's the name of a story Tod Browning has purchased for the screen. Where's the best place for location?

Minta Durfee, Fatty Arbuckle's wife, announces that she is to return to the screen in two-reel comedies.

Will Rogers has started work on "A Poor Relation," taken from the famous stage success. Molly Maloney plays the part of the little wife.

Costumes completed, Louis Fairbanks is starting on "The Three Musketeers." Fifteen are in the cast. Fred Nibbs will direct.

Rox Ingram has begun plans for a film more spectacular than his "Four Horsemen of the Apocalypse." It will be based on a Balzac story.

Mare DeBonnot and Reginald Denry share honors for the leading male role in "Footlights" which Elsie Ferguson has just completed.

MY MISSION
BY BERTON BRALEY

Let those who will, be tragic!
I crave the fortune magical
To brew a joyous ichor
With a snicker
In each taste,
A potion highly risible
That makes the back teeth visible
And starts a sudden shaking
And a quaking
Round the waist!

Oh, what is half so glorious
As merriment uproarious
That gives a robust savor
And a braver
Tang to life?
A glee that is vociferous,
Gives clouds a tinge auriferous
And freshens up your spirit
When you hear it
'Mid the strife?

Let bards with mien funeral
Make out of sour material
The draught without a titter
That is bitter
When you quaff,
But such a muse lugubrious
To me seems insalubrious—
If an audience I gather
I'd much rather
Make 'em laugh!

(Copyright, 1921, N. E. A.)

BERTON BRALEY JOINS THE SUN STAFF

Berton Braley, the People's Poet and Singer of the Romance of Today who has been an occasional contributor to this newspaper, today joins The Sun staff.

Hereafter Braley will write a poem

a day for the thousands of Braley fans among The Sun readers.

Berton Braley for 10 years has been one of the most popular of American writers. He has published more than 5000 poems, 150 short stories, scores of essays and sketches and two novels.

Braley has worked as a Great Lakes deckhand, a farmhand, a janitor, an elevator man, a ditch digger, a reporter, a coal passer and a miner.

Braley sings the song of humanity, warning, cheering, lifting song, in verse that is neither highbrow nor lowbrow—but that somehow "freshens up your spirit."

DEATHS

RYAN—James F. Ryan, a resident of this city for a number of years, died yesterday afternoon at the isolation hospital. He is survived by his wife, Mrs. Julia Ryan of 117 Wille street, and two brothers, John and Michael Ryan. The body was removed to the rooms of Undertakers J. H. McDonough Sons.

SMITH—William Smith, Jr., died last night at the home of his parents, William and Margaret (Collins) Smith, 105 Washington street, after a very brief illness, aged 6 years and 4 months. He was an attendant of the Laura Lee school. He is survived by his parents and three sisters, Dorothy, Mary and Pearl Smith.

CUTTING—Mrs. Eva C. Cutting died yesterday at the home of her sister, Mrs. E. P. Fiske, 261 Liberty street, aged 64 years. She is survived by five sisters, Mrs. E. P. Fiske, Mrs. Roscoe McDaniel, Mrs. H. S. Traver, Lowell, and Mrs. C. S. Gildard and Miss Clara M. Warren, both of Brooklyn, N. Y., and four brothers, A. H. Wormell and U. G. Wormell, both of Luben, Me., Captain W. R. Wormell of Portland, Me., and Walter S. Gilson and Henry Gilson, Haverhill, please copy.

CUNNINGHAM—Miss Kate Cunningham, an old resident of this city, died last evening at the Chelmsford street hospital. She leaves a wife and two nephews. The body was taken to the rooms of Undertakers James F. O'Donnell & Sons.

GILBRIDE—Herbert Gilbride, aged 7 years, 11 months and 5 days, son of John and Nora (Mullen) Gilbride, died last night at the home of his parents, No. 151 Ludlum street, after a short illness. On account of the cause of death (diphtheria), the funeral took place this afternoon at 2 o'clock and was private. Burial was in the family lot in St. Patrick's cemetery, where Rev. Fr. Mullen conducted the committal services at the grave. Funeral Director James W. McKenna had charge.

FUNERALS

ABBOT—The funeral of Abiel J. Abbot, the well known Westford mill man, took place yesterday afternoon with services in the Unitarian church in Westford. The church was crowded with people from all walks of life and the front of the church where the funeral was held was banked with floral offerings. The officiating clergyman was Rev. Edward A. Horton of Boston, and Mr. Arthur Spaulding was the organist. The bearers were Fred A. Sweet, James Sullivan, Alfred T. W. Prinn, Hugh F. Leth and W. R. Taylor. The honorary bearers were L. S. Gilson and Henry Frost. Burial took place in the Fairview cemetery.

FULLER—The body of Leroy G. Fuller, a former resident of this city, was brought to this city this morning for burial in St. Patrick's cemetery. Rev. Fr. Shea of St. Peter's church officiated at the grave. Undertaker W. H. Saunders was in charge of the arrangements.

RADZIK—The funeral of Stanislaw Radzik took place this morning at 8 o'clock from the home of his mother, Christina Radzik, 4 Elm place, at Holy Trinity Polish church at 820 Oxford street. A large number of friends and relatives were present. The bearers were Michael Wengry, Jos. Michalazyk, John Kucyk, John Lapka, Anthony Sokowski and John Smith. Burial was in the family lot in St. Patrick's cemetery, where the committal prayers were read by Fr. Ogonowski. The funeral arrangements were under the direction of Undertaker Joseph Salowski.

PLAYGROUND INSTRUCTORS
Between now and the date set for the opening of the city playgrounds, on July 11, Supt. Kernan of the park department, will be called upon to secure 22 more instructors. Already he has requisitioned the civil service commission for additional lists of young women eligible for the position. At an examination recently held, at which 30 applicants competed, only eight Lowell people were selected as eligible, the remainder of the list coming from cities all over the state.

Thorns and fishbones were used to fasten and remove the discovery of pins and needles.

SIMON B. HARRIS DIES

Halls an Address in Memorial Hall and the End Comes Suddenly

Simon B. Harris, president of the Lowell Fish and Game association, former chief of police in Malden and Salem, and widely known for his law-enforcement activities, died suddenly in Memorial hall last night. He was delivering an address dealing with the career of Buffalo Bill before members of the G.A.R. and Woman's Relief

SIMON B. HARRIS

Corps, when he announced that he did not feel well enough to proceed and asked Bradley L. Fiske to finish reading his paper for him. He took his place in a chair and died shortly afterwards.

Medical Examiner Thomas M. Smith was called to the hall and, after examining the body, announced that death was due to cerebral hemorrhage.

Mr. Harris was born in Bethelme, N. H., 13 years ago. He came to Lowell as a young man and had made his home in this city during a considerable part of the time since.

Mr. Harris first became connected with the Lowell police force 40 years ago. Later he became associated with the state police and was active in the enforcement of the laws relating to the illegal sale of liquor. He was appointed head of the Malden police force in 1905 and filled the office for one term. In 1909 he was appointed by former Mayor George H. Brown a member of the local license commission. In 1910 he was selected by former Mayor Arthur Howard to take charge of the Salem police department. In this position he made a record as a vigorous enforcer of the laws prohibiting the sale of intoxicants in a no-license city.

After his retirement from police work in Salem, on account of ill health, Mr. Harris came to Lowell, where he had since made his home, being engaged in business as an auctioneer and real estate dealer.

During late years the deceased had devoted much of his time to bolting up the Lowell Fish and Game association and had taken an active interest in various projects for extending the facilities for enjoyment of hunters and fishermen.

Mr. Harris had later moved from his old home in Westford street to a new residence in Middlesex street. He leaves a wife, Mrs. Nellie Harris, and a sister, Mrs. Dorcas Varrington of South Stafford, Vermont.

RELIEF FUND EIGHT POLICE SLAIN IN COUNTY KERRY

Lecture by Rev. Fr. O'Connor of Cork, Ireland, Sunday Evening

At the Lowell Opera House, Sunday evening, Rev. Thaddeus J. O'Connor, C.S.P., will deliver a lecture on recent events in Ireland, showing views of recent devastation and the ruins of the city of Cork, the factories of Balbriggan and other scenes of battle and carnage in all parts of Ireland. Fr. O'Connor was acquainted with nine of the seventeen young men who were executed in the 1916 uprising, having met them at college. He was a classmate of President De Valera at Rockwell college, Tipperary, and has been in the midst of the trouble during the last two years. Although in this country but a short time, he has more applications for lectures than he can fill in six months, several of them from California, Michigan, Illinois and other western states. He brings from Ireland the appeal of the widows and orphans. Don't miss hearing him and seeing the views from the battle front.

SUN BREVITIES

Best printing, Tobin's, Associate bldg. Lydon for best catering. Tel. 4934.

J. F. Donohoe, 222-223 Hildreth bldg. real estate and insurance. Telephone.

New York Life Ins. Co., 215 Hildreth Bldg. P. P. Laughlin, agent. Tel. 642.

If you want to improve your golf game, visit Dickerman & McQuade's sporting goods department and get what you need.

Mr. and Mrs. William Brown of 40 Leverett street are relocating over the arrival of a daughter, Constance. Mrs. Brown was formerly Miss Mary Collins of Pawtucketville.

Automobile insurance of all kinds. Fire, theft, public liability and property damage written by the companies in the Lowell Mutual Fire Insurance Co. Agency Dept., Joseph Penabody, Agt., 53 Central st., Central block. Tel. 91. We solicit your patronage.

The annual graduation exercises of the Lowell Textile school will be held Wednesday afternoon, June 5, at the school in Moody street. The speaker of the occasion will be Dallas Lord Sharpe, head of the English department of Boston university and a speaker of note. The public is cordially invited to attend.

Commissioner John F. Salmon has received an official army picture of a scene at Raymondville, France, in 1918, in which Mr. Salmon appears as a Knight of Columbus worker. The picture shows a German who has been severely wounded, receiving the last rites of the Catholic church. In addition to Mr. Salmon there are shown Fr. O'Reilly, an army chaplain, stretcher bearers, physicians and members of the 52nd Division.

President John H. Lambert was elected president of the Bartlett School Parent Teachers' association at a meeting of the organization late yesterday afternoon. Miss Helen Noyes was elected vice president, Mrs. M. J. Donohoe treasurer and Mrs. J. R. Donavan secretary. Mrs. George Heath spoke on "The Diet for the School Child," and it was voted to hold a "Fathers' Night" on the first Wednesday in June.

DRAWING CONTEST
The winners in the drawing contest recently conducted by the Braves baseball club in this city, were announced today. Mrs. Ryan of 2 Maple street won the first prize of \$250 in cash, and Mrs. Kilgus of 24 London street was awarded the second prize, a fountain pen.

HUSBAND AND WIFE BOTH SICK
Mr. and Mrs. Andrew Comer, Shenandoah, Va., were ill. He writes: "My wife had rheumatism in her arms so she could not use them. She has no trouble since taking Foley Kidney Pills. I don't have to get up at night so much since taking Foley Kidney Pills, nor have I a weak back." Act quickly; write to Foley Kidney Pills, 418 Middlesex st., Moody & Bigelow, 301 Central st.—Adv.

Lift Immunity of Erzberger

BERLIN, May 5.—The reichstag today lifted the parliamentary immunity of Mathias Erzberger, former vice premier and minister of finance, who has been charged with sending capital abroad and other offenses. He was returned to the reichstag in the elections of June last.

Seamen's Leaders Fail to Meet Sec. Davis

WASHINGTON, May 5.—Representatives of the marine workers failed to meet today with Secretary Davis to continue conferences looking to a settlement of the shipping wage controversy which has resulted in crews of some American merchant craft walking out. Mr. Davis said the conference would not be held, and that he did not know whether the meetings would be resumed.

Simons Staked Fate on Note to U. S.

BERLIN, May 5.—(By the Associated Press)—The cabinet of Chancellor Fehrenbach, which resigned last night, continued to function today in compliance with President Ebert's request that it remain in office until a new ministry is organized. Informal conferences are in progress among the coalition party leaders as to the makeup of the new government. The new cabinet will be confronted with the prospect of being called upon to affix Germany's signature to the entente protocol on reparations. Dr. Simons counted himself out when the delay in the reply to his appeal to President Harding indicated a negative answer. That Chancellor Fehrenbach and the rest of the cabinet would automatically disappear with Dr. Simons was a foregone conclusion, as the ministry had staked its existence on the success of its attempt to win President Harding for mediation or arbitration.

If You Are Having Any Trouble With Your Gas Appliances

Notify the Gas Appliance Store

TELEPHONE 349 OR 5987

We will adjust as promptly as possible. If the man of the house can call at the store, we will instruct him how to adjust your appliances and may thus be able to serve you a little more promptly.

73 Merrimack Street.

THE POPULAR NOTION

that some people cannot have better teeth because they can't afford it, is as absurd as extremes in clothing. Teeth have an importance which is sure to bring suffering when you allow them to go to ruin. Many a person has surprised himself by what a small amount would do to protect good teeth.

Let dental necessities be the last item on your list to be refused by your purse.

One recent patient and unlooked for economy in my operations—my advice and service has saved them more than a big bill and vexations that come to many people from bad teeth.

Your call today will be economy.
